Activity Report

International Webinar

Academic Year: 2021-22

Semester: I

Name of Event: International Webinar

Date of Conduction: 1st September 2021

Time: 10:00 AM to 12:00 Noon

Targeted Audience: All students

Number of Participants: 90

Venue: Online

Topic: "IT in Healthcare"

Resource Person: Mr. Rajesh Rao

Coordinator: Prof. Manjusha Amritkar

Objectives:

1. To know where IT stands in healthcare industries.

Outcomes:

1. Students will come to know how IT can be used in healthcare sector.

Activity Description:

The Department of Information Technology has organized webinar on IT in Healthcare on 1st September 2021. It was graced by highly qualified speaker Mr. Rajesh Rao, who is a Senior Vice President of Healthcare Delivery at Infinite Computer Solutions, California. He briefly explained about the IT in Healthcare as medical facilities across the country continue to modernize, the need for robust and responsive healthcare IT support will only increase. With Worldwide Services, every facility can find the affordable and efficient IT services as needed. By not limiting to the aim of his talk, he also gave the students an insight about how much IT can offer to the healthcare sector.

KEY SERVICES
ADM
• Architecture and design
• Application Development
• Production Support and Enhancements
• EMR/EHR Implementation
• Populations Health implementations
• Product Upgrades
• Mobility
• Technical Debt Cleanups
• Performance Engineering
• SOPs and Process Documentation
• Database Administration
• DevSecOps
QA
• QA Engineering
• Setting up QA Practice
• Function, SIT and E2E Testing
• Regression Testing
• UAT Support
• Automation
• Performance Testing
• Security Testing
• Non-functional Testing
ANALYTICS AND BI/DW
• ETL
• Algorithms
• Datawarehouse setups
• Data Lakes
• Modelling
• Database Administration
• Reports
• ML/AI
INFRASTRUCTURE MANAGEMENT
• Datacenter Operations
• Server and storage management
• Desktop Engineering
• Network Management
• VDI/Citrix
• Unified Communication
• Service Desk
• O365, Win10 Migrations
• AV set up
• Patching and security management
DIGITAL TRANSFORMATION /PRODUCT ENGINEERING
• Product Configurations
• Transformation
• Modularity
• Rules Externalization
• Reusable components and frameworks
• Technology Stack Upgrades
• System Integrations
• Scalability
• Product Governance
• Digital Transformation
BPO
• 24/7 services
• Global set up
• Claims
• Encounters
• Provider enrolment, credentialing, document management
• Benefits management
• Call center operations
