

POYV PVT LTD

YOU'RE IN GOOD HANDS

Ref.:POYV/2023-24/Project/Intern/ CoC-12

LETTER OF ALLOTMENT OF PROJECT

Dear,

1. Virendra Mall
2. Om Wagh

of Hope Foundation's International Institute of Information Technology (I²IT), Pune.

We are allocating the following project to you "Water Level Monitoring System with User Interface Development and Real-time Data Visualization".

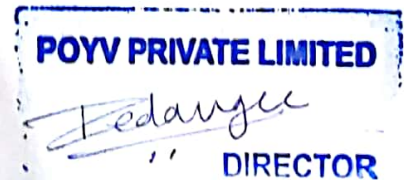

The project aims to design and implement a water level monitoring system that accurately measures and reports water levels in a tank. Additionally, it focuses on creating an intuitive user interface for real-time data visualization, enabling users to monitor water levels remotely and make informed decisions regarding water resource management and usage.

Date of Allotment/Start Date: 1 July 2023
Expected Date of Completion: 1 March 2024

We wish you all the best.

For POYV Pvt. Ltd.

To: The Director, International Institute of Information Technology

From: Hemank Auto Parts Pvt.Ltd.

Subject: Sponsorship Letter for Group Project

Dear Director,

Hemank Auto Parts is pleased to inform you that we are sponsoring the following three students:

1.Mangesh Solankhe BE23146 (N20022) 2. Sumit Tiwari BE23165 (N20041) 3. Atharva Waghmare BE23168 (N20052)

for the following problem statement/project:

Eliminating the VCU from a vehicle to reduce the cost of the economical variant of a conversion kit. Achieving this by using relay logic to establish the working sequence of the components with the necessary interlocks.

We are excited to support these students in their research and development efforts. We believe that their work has the potential to make a significant contribution to the field of electric vehicle conversion.

We believe that this sponsorship will not only benefit the students but also contribute to the advancement of automotive technology and innovation. It is our hope that the project's outcomes will have a positive impact on the industry by making vehicle conversion kits more affordable and accessible to a wider range of customers.

As part of the sponsorship, Hemank Auto Parts will provide the students with all of the materials they need to complete their project. We will also make available our in-house expertise and resources to help them in any way we can. All Developed IPR will be retained with Hemank Auto Parts Pvt. Ltd.

The students will be required to work on the project for six hours a day, six days a week. They will be supervised by engineers and myself.

We are confident that these students will be successful in their project. We look forward to working with them to develop a new and innovative electric vehicle conversion kit.

Sincerely,

Hemank Dabhade,

Hemank Auto Parts Pvt. Ltd.

LETTER OF ALLOTMENT OF PROJECT

Dear,

- 1) Aaradhya Gharde
- 2) Gauri Desai
- 3) Vyankat Bhure

of Hope Foundation's International Institute of Information Technology (I²IT), Pune.

We are allocating the following project to you **“Instrumentation for Feature Enhancement in Water Level Monitoring System”**.

The project aims to integrate innovative components, such as the A7670C SIM MODULE, ESP32, and UTRASONIC SENSOR to provide real-time data access and improve measurement accuracy. It focuses on remote connectivity as it can use the GPRS and Wi-Fi to send the data. It also provides an uninterrupted power supply which is based on main and solar power supply. Finally, the data from the sensor should be displayed on the Web Page.

Date of Allotment/Start Date: 1 July 2023

Expected Date of Completion: 1 March 2024

We wish you all the best.
