

## **Criterion 7 – Institutional Values and Best Practices**

### **7.1 Institutional values and social responsibilities**

#### **7.1.3 The Institute has facilities for management of food waste and fallen dry tree leaves**

### **Solid waste preparation (compost pit)**

Dry tree leaves are collected in the above shown pit and compost is prepared by using vermiculture. The compost manure is used for garden and fruit trees.

**Decomposed solid waste (Dry leaves)**

**Canteen food waste turned into Vermi compost**

**Liquid waste management (water recycling tanks)**

Canteen food waste collection bin

Dry waste collection bin
