## ELECTRONICS FOR YOU

The CII Yi (I<sup>2</sup>IT Chapter) organized a guest lecture on Science & Electronics Fundamentals at the Mahatma Phule Apang Shaala, Maangaon.

The Young Indians I<sup>2</sup>IT Chapter often works closely with the inmates of this school. These efforts by our students are towards making the differently-abled students in this school as close to industry and technological developments.

The lecture was delivered by Prof. Rabinder Henry who is the Director of the Pralhad P Chhabria Research Centre (PPCRC) on campus - [www.ppcrc.in](http://www.ppcrc.in)

## TALENT HUNT

Radio Mirchi 98.3 FM, hit I<sup>2</sup>IT campus with its annual college contest. The much talked about event sent I<sup>2</sup>ITians into a tizzy as they enthusiastically participated in the events hosted by Radio Mirchi.

Radio Mirchi in association with FBB provided a worthy platform for the youth to showcase their talent. This year, the contestants went through three rigorous rounds that included talent show to ramp walk. The students thoroughly enjoyed the process while prizes were won for talent in singing, dancing, mimicry and skits. The winners this year were Ayush Papnai and Priyanka Singh.

## SCHOOL VISIT

80+ Children from 14 different Adivasi Schools of the Gadchiroli District (Maharashtra) visited I<sup>2</sup>IT campus. These students were on an academic visit and were taken around the I<sup>2</sup>IT campus. The infrastructure and facilities were showcased to them.

Later they were given a tour of the research centre on campus - Pralhad P Chhabria Center (PPCRC) [www.ppcrc.in](http://www.ppcrc.in). Here they were able to interact with the research team who are working on various cutting edge technologies and learn first-hand the significance and benefits of pursuing research as a career.

The students who were happy to have received this opportunity had lunch with the I<sup>2</sup>IT Team and left after spending a whole day on campus.

## NIRBHAY KANYA ABHIYAN

A one-day seminar in collaboration with the Student Welfare Board of the Savitaribai Phule Pune University was organized for the girl students on campus.

The event began with motivational lectures on Self Defense by Mr. Jaidev Mhamane. This was followed by a talk on Cyber Laws and Solutions by Adv. Jayshree Nangare and finally a lecture by Dr. Rohini Athawale and Dr. Amar Pawar on the "Significance of Skin Donation". Girl students who participated in this event practised first hand some defense techniques that could come in handy in case they are ever in danger. Adv. Nangare shared with students the vulnerability of cyber space and what steps need to be taken to protect themselves from Cyber crimes.

The event was an eye-opener for students and it created an awareness on how to be cautious and protect themselves in the digital world.

## MAKAR SANKRANTI

As part of the Makar Sankranti Celebrations - a festival that marks the first day of the Sun's transit into the Capricorn, marking the end of the month with the winter solstice and the beginning of longer days - I<sup>2</sup>IT organized a Kite Flying Event on campus.

The Cultural Committee members on campus, organized this event and coaxed students, faculty and staff to step out of the classrooms and offices onto the ground (for a few hours) where every one walked down the memory lane into their childhood days - selecting the kite, stringing it, checking the balance and then many an attempts to make it fly. Once the kites were up in the air it was wonderful to witness the competition between friends or team members.

## AWARENESS SESSION

Prof. Moreswar of Next Gen delivered a SAP Awareness Session. This Seminar introduced students to specific SAP security with emphasis on security enhancements across multiple security disciplines. Topics discussed include SAP Overview, SAP Classified Contracts and DD Forms 254, Physical Security, Personnel Security, Visits and Meetings, OPSEC, Information Assurance, Security Incidents, Classification Marking and Safeguarding, Transmission and Transportation, Security Compliance Inspections, and Security Awareness and Training.

This session gave the students an insight into industry expectations and academic areas that they would need to focus on if they wish to develop a career in security and/or SAP environments.

## CII Yi ANNUAL MEET

Tanmay Nag, Net Head Chair-I<sup>2</sup>IT Yi Student Chapter briefed the students during the Yi Annual Meet. He shared with the students the short legacy of Yi on campus and laid before the new entrants the vision of this Yi Chapter. As the out-going Net Head Chair, he outlined the path taken by the team and the milestones achieved so far by the members. He shared with the audience how being a member of this Chapter moulded him into a better professional, individual and more importantly made him socially aware of his responsibilities towards those less fortunate.

He urged students to step up and be a part of this group which will not be help them in the journey of self-discovery; but will help them appreciate the comforts and opportunities they have been blessed with. This inspiring speech was warmly welcomed by the audience.

## TEACH FOR INDIA

Nikita Sehgal from Teach for India interacts with I<sup>2</sup>IT Students. She spoke about the importance of having an excellent education system that equips children and youth with the knowledge, skills, values, and mindsets needed to empower individuals and mould them into responsible citizens. But according to research as a nation, we are failing miserably.

Nikita pointed out that the causes underlying this collective failure are numerous, varied and complex. Nevertheless, Teach For India, believes that at the root of this crisis in education lies a crisis of leadership. There is a severe deficit of people at all levels of the education system who are committed to working together to improve the capacity and quality of our nation's schools. To solve this crisis, she invited young graduates to step forward and volunteer their services to those who are less fortunate.

Nikita's speech enthralled the students and inspired them to take a posture to improve the social and education fabric of our country.

## NAVKSHITIJ STUDENTS ON CAMPUS

50 students from Navkshitiij - School for the Mentally Challenged, Marunji visited campus. They organized a short cultural show (dance and song event) for the I<sup>2</sup>IT students and faculty. After the show, these differently abled students interacted with the team members and enjoyed their lunch with the group. This event was organized by I<sup>2</sup>IT Yi Student Chapter and the purpose was to make students aware of the social inequalities that exists in our midst.

This interaction left a profound effect on I<sup>2</sup>IT team members and inspired some to take up the cause of creating awareness for these less fortunate ones.

## REPUBLIC DAY

As is the tradition at I<sup>2</sup>IT, the Republic Day celebrations on campus was a solemn affair. Mrs Aruna M Katara, the President of I<sup>2</sup>IT hoisted the flag and gave a short speech about the power of the youth to make the change in the community, society and our nation.

This was followed by a brief talk by Dr. Vaishali Patil, Principal I<sup>2</sup>IT. She gave an inspiring speech about the importance of recognizing the passion in oneself. Prof. Narendra Sakhalkhar, a senior professor of Economics led the students to sing a few patriotic songs.

The student members of the Cultural Committee put up a show that showcased the cultural and ethnic diversity of our country.

## WORLD WIDE WEB CONSORTIUM

Mr Mahesh Kulkarni, World Wide Web Consortium-India Office conducted an awareness program on W3C. The World Wide Web Consortium (W3C) is an international community where Member organizations and the public work together to develop Web standards. Mr. Kulkarni highlighted to the students how the Web has grown to be the technical infrastructure of Society—the universal connectivity platform. He further explained details of how it continues to change business and society, and just as business and society evolve, new needs arise, new opportunities for more captivating experiences need addressing.

During his talk, he emphasized how The Web needs scaling to the opportunity and an organization focussed on addressing opportunities. He shared W3C's vision which focuses on four areas of excellence: Strengthening the core of the Web, exciting with the next level experiences, extending the reach of the Web, and meeting Industry needs.

This talk was an eye-opener for the I<sup>2</sup>IT students who are at the threshold of their careers.

## INDUSTRY VISIT TO FINOLEX

I<sup>2</sup>IT students of the Electronic & Telecommunications Department visited the Finolex Cables' plant at Urse (near Pune) as part of their industrial visit.

Industrial visit has its own importance in the career of our students as they are soon to be professionals. The objectives of industrial visit is to provide our students with an insight regarding internal working of companies. We know, theoretical knowledge is not enough for making a good professional career. With an aim to go beyond academics, industrial visit provides our students with a practical perspective on the world of work. It provides students with an opportunity to learn practically through interaction, working methods and employment practices. It gives them exposure to current work practices as opposed to possibly theoretical knowledge being taught at college.

This visit to the Finolex plant provided an excellent opportunity to interact with the professionals working at the plant and know more about industrial environment.

## INDUSTRY VISIT TO PERSISTENT

Students from the Department of Information Technology at I<sup>2</sup>IT visited Persistent Ltd. This was aimed at raising aspirations of the students. The visit focused on the advances Information technology has made, Persistent's role in the growth of IT and how students can learn from it all. The journey began with some of the team members from Persistent who welcomed the students as soon as they reached there. In the Conference room students and all faculty members introduced themselves to the audience.

After that a member of Persistent spoke to the students about IT culture. Further the students were made aware of product, product design, product lifecycle, services, deployment, maintenance & support, Agile methodology, Cloud, Big Data and lastly the technologies that are used. Our students were also exposed to how they could identify their hidden talents and awaken their potential to excel those talents. Students got the chance to interact with the speaker regarding job opportunities in IT industry.

Students were also made aware about the recreational activities that are being arranged for Persistent employees to release their fatigue and to rejuvenate them.

## INDUSTRY VISIT TO ALL INDIA RADIO

The Second Year Students (S.E.) of the Electronics & Telecommunications Department visited the All India Radio (AIR) Akashvani Pune. As India's National Broadcaster and also the premier Public Service Broadcaster, All India Radio (AIR) has been serving to inform, educate and entertain the masses since its inception. From a technical perspective, students from the E&TC stream got an insight into the working of broadcast technology and implementation of Wireless Technologies.

Students were overwhelmed by their first-hand exposure to applications of the theoretical concepts that they have been learning in class. Students got the opportunity to interact with technical team members as well as were briefed about the technologies that are currently in use.

## SEMICOLON

I<sup>2</sup>IT students participated in the 24-hr Coding Competition 'SEMICOLON' held at Persistent Systems, Pune. The aim of this event is to allow students to push their own limits. Their participation gave them first-hand information about how IT professionals work, the scope and knowledge required in the IT industry and how to boost their confidence for working and growing the IT sector. Only those students who cleared an online test administered by an external entity were allowed to participate.

The event brought forth passionate teams & innovative solutions based on cutting edge technologies - the right components for a successful career.

## ENTREPRENEURSHIP CHALLENGE COMPETITION

For the 1st time, I<sup>2</sup>IT organized the Entrepreneurship Challenge on campus. The Entrepreneurship Development Cell which began in 2015 encouraged students to come forward and present their innovative ideas and business proposals. With overwhelming response from students, it was decided to host a competition to identify and select the top three promising ideas. These teams will be provided administrative and financial support, mentorship and encouragement so that they can fulfill their entrepreneurial aspirations.

The top three winners of this Challenge were companies "ILLUMINUS" -

1. Yamini Iyengar      2. Indraneel Dongaonkar      3. Suraj Kose

"ELIXIR" -

1. Lucky Tembhumre      2. Aditya Gupta      3. Arif Sanadi

"VIKARA SYSTEMS" -

1. Roshan Jha      2. Shubham Vyavhare      3. Bhagyashree Joshi

All these efforts are to encourage innovation and development of our country's entrepreneurial ecosystem.

1<sup>st</sup> Mar  
2017

## SCIENCE DAY EXHIBITION

Sagar Chandurkar & Nivrutti Mahajan of Third Year, E&TC bagged the Special Jury Award for their project titled "Gesture Controlled Wheel Chair" at the Science Day Exhibition held at GMRT Observatory, Khodad. The Electronically Designed Wheel Chair model is self controlled & works by movement of arms. The Science Day Exhibition is an annual State Level Event wherein more than 200 colleges take part every year at Khodad.

## DONATIONS

To-scale models of various animals were donated to the Zilla Parishad School at Marunji. Models of Tyrannosaurus, Apatosaurus (Brontosaurus), tiger, deer and elephant were part of this donation. The school was very pleased to receive this donation and has assured that it will help elevate the curiosity of young students.

Computers were donated to various NGOs like Mahatma Phule Apang Shaala, Manganon. Navkshitij School for Special Children, Marunji as well as the Vishwa Jagruti Mission, Pune.

## BLOOD DONATION

It has been a tradition at I<sup>2</sup>IT to organize a Blood Donation Drive on campus once a year. This year too this camp was organized to an encouraging response from students, faculty members and staff. The main aim of such activities on campus is to reinforce the idea that Blood donation is one of the most significant contribution that a person can make towards the society.

Many students have apprehensions about donating blood and this event ameliorates such apprehensions. This event further encourages students and breaks some myths associated with blood donation. Blood donation is one's moral duty and the body does not get affected by donating blood. The body can repair the loss within a few days. So we encourage students to come forward to donate blood as it could save a life.

This donation drive was conducted under the supervision of Acharya Anandrishiji Blood Bank, Pune.

## ALUMNI MEET

To rekindle the bond with its Alumni, I<sup>2</sup>IT hosted the 2017 Alumni Meet on campus. The event always turns emotional with students reminiscing their days spent on campus.

Many students came along with their spouses and some with their children too. The alumni enjoyed an evening of networking, catching-up with fellow alumni. The highlight of the evening were the fun-filled games that brought out the teenager in most of them.

## FOUNDER'S DAY

On the occasion of the birthday of Late Shri Pralhad P Chhabria, who is the Founder Chairman of Finolex Group of companies and the Founder President of I<sup>2</sup>IT, the campus organized its 1<sup>st</sup> Founder's Day.

The event began with the lighting of the traditional lamp and felicitation of the Chief Guest Padma Vibhushan, Dr. R. A. Mashelkar. Ms Amrita Katara & Dr. Samita Moolani Katara delivered the inaugural address and went on to introduce a short film titled "I Remain..." that paid a homage to the Late Shri. Pralhad P. Chhabria.

The event continued until the most anticipated moment when – Padma Vibhushan Dr. R A Mashelkar along with Ms Aruna M. Katara, President I<sup>2</sup>IT, Mr. Prakash Chhabria, Chairman Finolex Industries and Dr. Vaishali Patil, Principal I<sup>2</sup>IT, unveiled the memorial that pays a tribute to the Late Shri. Pralhad P. Chhabria in the presence of almost over 700 members present at the occasion which included team I<sup>2</sup>IT, ex-staff, family members, well-wishers, alumni, students and other guests.

## ACM EXHIBITION

I<sup>2</sup>IT organized the Association of Computer Machinery (ACM) Exhibition on campus. The ACM is the world's largest international body that comprises of students as well as the professionals.

The I<sup>2</sup>IT Chapter of ACM organized an exhibition of Exclusive Research and Academics (IAEERAP) on campus. This event endowed the students and research scholars with an opportunity to carve up their observation and present their Project Work (IAEERAP Showcase). IAEERAP was exclusively for people in the domains of Information Technology, Computer Engineering and Electronics and Telecommunications for related domains but not limited to Big Data, Cloud Computing, Data And Knowledge Engineering, Data mining, communication, IoT, Information Forensics And Security, Data mining, Industrial Engineering, Neural Networks And Learning System, Smart Grid, wireless Communications, Vehicular Adhoc Network and many more areas from computer , IT and E&TC

The event was well-received by students and scholars from many colleges from Pune.

## WOMEN'S PROWESS 2017

The 12<sup>th</sup> episode of the Women's Prowess was held at the Mohini Chhabria Convention Centre, International Institute of Information Technology, I<sup>2</sup>IT, Pune today. The event was hosted jointly by Natarajan Education Society (NES), and I<sup>2</sup>IT.

Aimed at inspiring, motivating, encouraging and empowering young women to reach for the stars and be the best they can be, this event had a distinct panel discussion, a special talk by the Guest of Honour, Abha Bakaya (Broadcast journalist, producer and host) and the keynote address by the Police Commissioner of Pune, Hon'ble Mrs. Rashmi Shukla.

The panel discussion that focussed on the role of Women in Transforming India was chaired by Dr. Uma Ganesh, CEO Global Talent Track and the panellists were Ms. Vaishali Vaid, Vice President, Head - Global HR, KPIT, Ms. Rakhi Sinha, Global Head - HR Business Partner & HR Operations, Geometric Limited, Dr. Parul Ganju, Co-founder, Director at Ahammune Biosciences Pvt Ltd, and Ms. Eika Chaturvedi Banerjee, CEO, Future Learning, a Future Group company. The mentioned dignitaries gave their views on how women play a pivotal part of any country's economic and social fabric.

Dr. Ganesh Natarajan, Principal Trustee of Natarajan Education Society welcomed the audience and shared the aim of this annual event.

2017

## SPARK 2017

I<sup>2</sup>IT students participated in the SPARK 2017 program held at Infosys.

SPARK is an extraordinary program launched by Infosys Foundation and it aims to raise the aspirations of students. This program which was conducted for students from all over the country, focused on the development and latest technologies that are prevalent in the industry. Team Infosys also shared with the students the journey of Infosys and its contribution to the IT sector in India. Infosys SPARK is a one day exploratory program for students from different age groups and segments from high school to degree and engineering colleges of urban and suburban areas. Through this on-campus event conducted by volunteers, I<sup>2</sup>IT students could assess their industry readiness and check their aspirations meter.

## SMART INDIA HACKATHON 2017

2 projects which were designed by students from I<sup>2</sup>IT were selected for the Grand Finale of the Smart Indian Hackathon held at Nagpur and Bangalore.

### Team SKYRAN for Nagpur

#### Project Name : Online Toll Payment System

Designers : Yadnesh Choudhary, Rakhi Agrawal, Saurabh Raut, Shrikrushna Bhavsar, Aashish Dhone and Niraj Mahajan

### Team PEGASUS for Bangalore

#### Project Name : Online Intelligent Data Analysis Tool

Designers : Akshay Gaikwad, Yash Deo, Sneha Sajjan, Neha Sinha, Vaibhav Jadhav and Nishant Ramakuru

Taking forward the "Digital India Movement", the Government of India launched the SMART INDIA HACKATHON 2017. As many as 29 ministries submitted their problem statements to the HRD ministry and these problems were put forth to the youth of this country. More than 10,000 students participated in this event to develop digital solutions for the problems and I<sup>2</sup>IT students too were part of this event.

2017

## FAREWELL PARTY

To bid adieu to the Batch of 2017, the Third Year students hosted a Farewell Party.

Before the college life of the final year students comes to closure, the senior students left no stone unturned to make their last few days count. They made the evening an exciting way to raise a toast to the new beginnings in the lives of these soon going to be professionals. The hosts went an extra mile to make their cherished seniors feel special by giving them quirky titles, engaging them in some games and taking them down on a memory lane by bringing the college life alive through collages.

## ANVESHAN

I2IT students - Abhijeet Singh, Ashish Asudani, Kushagra Johrapurkar, Priyanka Singh and Yash Khelkar - participated in "Anveshan" an event organised by Analog Devices India, Bangalore.

Anveshan is a platform to create and experiment innovative IoT Applications, develop a prototype from Sensor to the Cloud, experiment and innovate with key technologies like energy harvesting and connectivity, develop breakthrough concepts and algorithms for IoT use-cases and experiment with IoT platforms with analytics running on the edge, fog or cloud.

## TEXAS INSTRUMENTS INNOVATION CENTRE

I2IT signed a MoU with Texas Instruments as the Texas Instruments Innovation Center (TIIC). Under this MoU, Texas Instruments aims to establish a collaborative bridge with the objective of making students in Colleges have a greater hands on experience in technologies related to Embedded Systems, Ultra Low Power Applications, Analog System Design & Internet of Things (IOT).

TI organized a 3 Day Workshop on TI Tools and IoT Design in our campus.

## INTERNATIONAL YOGA DAY

Team I2IT celebrated the International Yoga Day by performing traditional yoga. All participants were enthusiastic about the Yoga Session. All were eager to learn something different, as traditional yoga practice was new for many. The yoga asanas that were done followed the sequence of evolution of human beings i.e. from supine pose, to prone pose, followed by sitting pose and lastly standing pose. The session started with a prayer and finished with "Shanti Path". After the session participants were rejuvenated and relaxed. They felt energized and positive too.
