

## **Honour Degrees to Undergraduate Students at I<sup>2</sup>IT**

AICTE has permitted Institutions / Universities to offer Honours Degree to the students in emerging specialized areas such as Artificial Intelligence and Machine Learning (AI & ML), Block Chain (BC), Cyber Security (CS), Data Science (DS), Internet of Things (IoT) and so on for a higher level of academic achievement at the undergraduate level.

Our Institute offers IoT, AI & ML, and DS as the honour courses to the students voluntarily to enhance their technical skills. Under Graduates from the department of Computer Engineering, Information Technology and Electronics & Telecommunication Engineering thus get an opportunity to acquire advanced knowledge and professional skills. The honour courses give additional 18 to 20 credits in the specified area in addition to the credits essential for obtaining the Under Graduate Degree in Major Discipline and would be covered in the last four semesters of engineering (i.e. T.E. – Sem I & II, B.E. – Sem I & II)
