

Hope Foundation's
International Institute of Information Technology (I²IT)
Hinjawadi, Pune- 411057
Department of Computer Engineering

Date: 28/09/2020

Name of the Event: Add-On Course on "Python with Django"

Name of Event Coordinator: Prof. Deptii Chaudhari

Date of the Event: 22/09/2020 to 25/09/2020

Resource Person: Ms. Sonali Mindhe

Number of Participant - 75 students & 01 faculty member

Topic - Python with Django

Objectives:

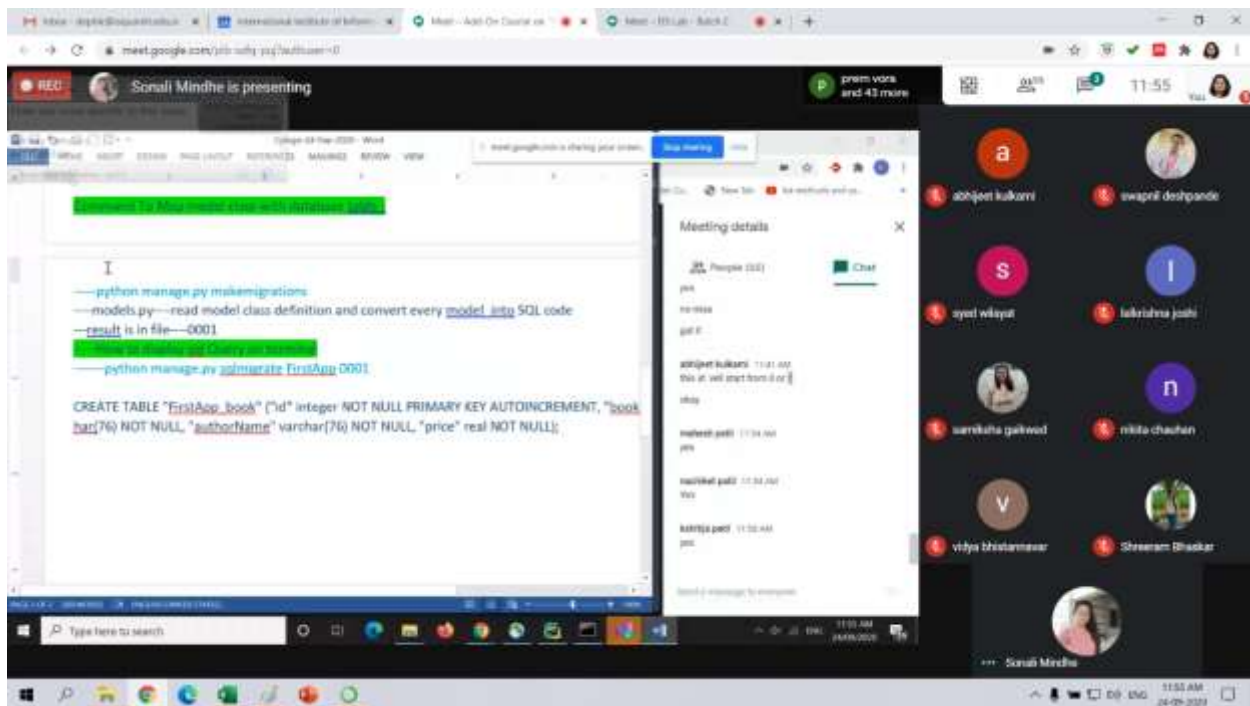

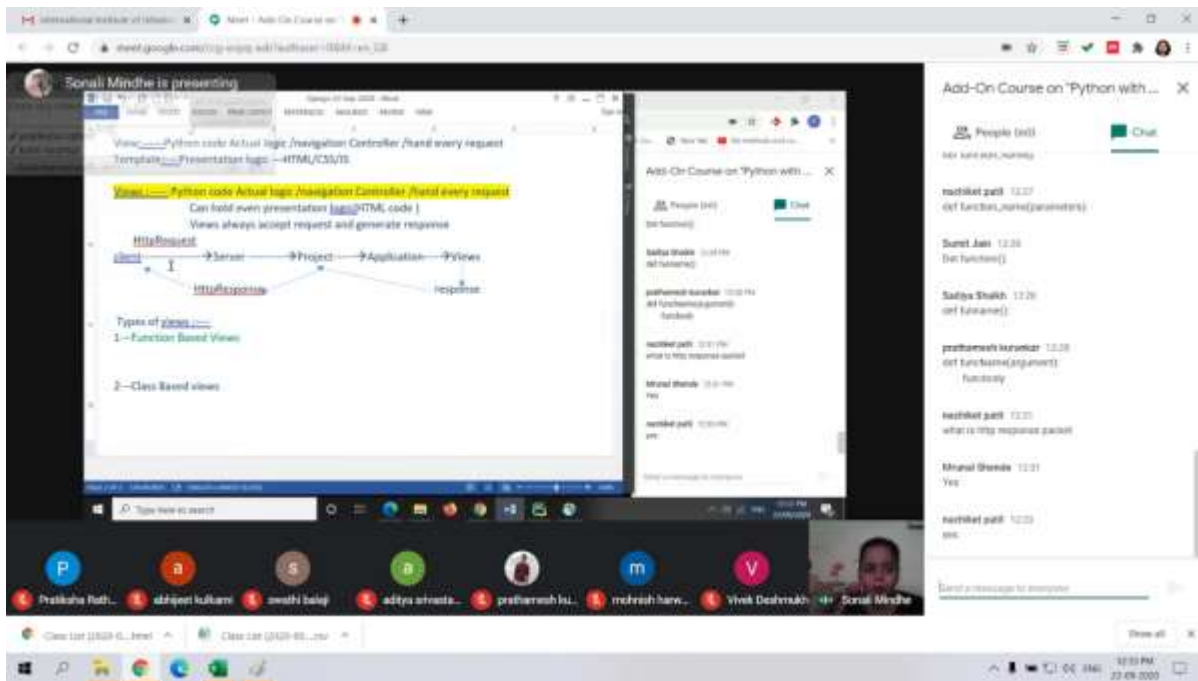

1. To learn the power of Python to code web applications.
2. To learn to build websites using the Django library.
3. To learn Django best practices, recommended workflow and project structure.

Outcomes: Student will able to :

1. Develop web applications using Python and MySQL database.
2. Build a simple website using Django framework.
3. Implement, maintain, and manage websites using Django.

Summary of the Event: This add-on course was organized by the Department of Computer Engineering for Third year students from 22/09/2020 to 25/09/2020. This 4 days complete hand-on course enabled our students to develop web applications using Python and MySQL databases. Students were also able to build a simple website using the Django framework. The add-on courses provide the knowledge about Django best practices, recommended workflow and project structure as well. Students thoroughly enjoyed this hands-on experience.
