**Number of Participants: 47**

**Activity Description in Nutshell:**

Department of Electronics and Telecommunication and Center of excellence in Geoinformatics organised two days international workshop for faculty and students get brief of Geoinformatics and its applications. The workshop received funds f Rs. 1 Lac from Planning and Development department of SPPU.

The workshop was made online for both resource persons and participants. Dr. Nitin Tripathi from Thailand and Dr. Shiva Reddy from Indian Institute of Remote Sensing (ISRO), Dehradun had remotely delivered live session without any interruption. Participants from FAMT (Ratnagiri), Terna Engineering College (Mumbai), Walchand College (Sangli), Ahmednagar, Aurangabad and many other parts of Maharashtra actively participated in online mode. This was the first event where Corporate like TOMTOM, Kaiinos and others; Government Institution like IIRS (ISRO) and academic institution like us; collaborated through online mode for enhancing knowledgebase of diverse participants from Industry and academic institutions.
