## Letter of Internship

**Date :** 20th May, 2020

Dear Sir/Madam,

We would like to inform you that **Malay Sheth** from your college was selected for

**Program Name :** IoT Interfaces Skilling Program with IoTIoT.in

### **Program Details :**

India has a huge engineering population but there is very little innovation coming out of India. One of the many reasons for this is 'Lack of skills'.

This program is an attempt by "IoTIoT.in" to bridge this gap by not just providing next generation training but full industry level hardware access and support for creating IoT and AI products.

This is a highly coveted program and selected students are groomed to be world class domain experts. The program only focuses on cutting edge technologies to help students compete globally

The program demands 12hrs per week from the student to complete skilling.

Malay was a part of the internship from 27th September 2019 - 20th February 2020

During this time he also worked on **IAB i.e. Industry Academy Body** which works towards bridging the gap between industry and academy by connecting professors and students with industry.

Sincerely,

**Name :** Nikhil Bhaskaran

**Title :** Founder, IoTIoT.in

Abhinav Biyani,

We would like to congratulate you on being selected for the "Embedded Engineer" position with Firewires, effective 01/Apr/2020. All of us at Firewires are excited that you will be joining our team!

As we discussed during the interview process, this is a non-paid academic internship during which you will be expected to provide 30 hours per week through 30/June/2020.

This internship is viewed by Firewires as being an educational opportunity for you, rather than a part-time job. As such, your internship will include training/orientation and focus primarily on learning and developing new skills and gaining a deeper understanding of concepts through hands-on application of the knowledge you learned in class. Pursuant to the Fair Labor Standards Act, we will abide by the Indian Labor law.

Again, congratulations and we look forward to working with you this coming year.

Sincerely,

Sub: Permission for Internship

Dear Sir,

International Institute of Information Technology (PIT) is affiliated to Savitribai Phule Pune University (formerly University of Pune) Please visit [www.isquareit.edu.in](http://www.isquareit.edu.in)

PIT has taken various efforts to improve the skills and the employability of the students viz.:

1. Experts Lectures on recent trends on technology by industry persons
2. Campus Recruitment Training
3. Students motivated to be member of various professional bodies viz., (ACM, IEEE, CSI, Yi etc)
4. Students are also motivated to undergo professional certifications (MTA, Six Sigma etc)
5. An activity based learning method – Mini modeling is undertaken by each student which helps them to get insight into project
6. To participate in various Industry Techathon, Hackathon ,etc.

Another effort to enhance the employability of the student in industry is through Internship and industry sponsor project in which we expect the students to learn the practical approach and understand the industry environment. Company is requested to allot project to the students or else depute the student on an ongoing activity/project, or they may be placed in different departments within the company to understand the flow of functions and interdepartmental responsibilities. This will save company efforts on training after employment and students will deliver fast once he/she will join the company.

Mr. Vivek Guruwale is a student of 6th Semester of Electronics & Telecommunication Engineering department in our Institution and is interested to undergo training from 30/5/2019 to 30/6/2019 in your esteemed organization. I am sure that with your kind support we will able to establish a meaningful Industry-Academia Collaboration which leads to improvement in quality of our students. This internship is as per the recommendation of the institute for curriculum enrichment.

We request necessary permission be accorded to the student for Internship if any. Kindly Oblige

Thanking You.

## Letter of Internship

**Date :** 20th May, 2020

Dear Sir/Madam,

We would like to inform you that **Malay Sheth** from your college was selected for

**Program Name :** IoT Interfaces Skilling Program with IoTIoT.in

### **Program Details :**

India has a huge engineering population but there is very little innovation coming out of India. One of the many reasons for this is **'Lack of skills'**.

This program is an attempt by "**IoTIoT.in**" to bridge this gap by not just providing next generation training but full industry level hardware access and support for creating IoT and AI products.

This is a highly coveted program and selected students are groomed to be world class domain experts. The program only focuses on cutting edge technologies to help students compete globally.

The program demands 12hrs per week from the student to complete skilling.

Malay was a part of the internship from 27th September 2019 - 20th February 2020

During this time he also worked on **IAB i.e. Industry Academy Body** which works towards bridging the gap between industry and academy by connecting professors and students with industry.

Sincerely,

---

Abhinav Biyani,

We would like to congratulate you on being selected for the "Embedded Engineer" position with Firewires, effective 01/Apr/2020. All of us at Firewires are excited that you will be joining our team!

As we discussed during the interview process, this is a non-paid academic internship during which you will be expected to provide 30 hours per week through 30/June/2020.

This internship is viewed by Firewires as being an educational opportunity for you, rather than a part-time job. As such, your internship will include training/orientation and focus primarily on learning and developing new skills and gaining a deeper understanding of concepts through hands-on application of the knowledge you learned in class. Pursuant to the Fair Labor Standards Act, we will abide by the Indian Labor law.

Again, congratulations and we look forward to working with you this coming year,

Sincerely,

Sub: Permission for Internship

Dear Sir,

International Institute of Information Technology (I²IT) is affiliated to Savitribai Phule Pune University (formerly University of Pune) Please visit [www.isquareit.edu.in](http://www.isquareit.edu.in)

I²IT has taken various efforts to improve the skills and the employability of the students viz.:

1. Experts Lectures on recent trends on technology by industry persons
2. Campus Recruitment Training
3. Students motivated to be member of various professional bodies viz., (ACM, IEEE, CSI, Yi etc)
4. Students are also motivated to undergo professional certifications (MTA, Six Sigma etc)
5. An activity based learning method – Mini modeling is undertaken by each student which helps them to get insight into project
6. To participate in various Industry Techathon, Hackathon ,etc.

Another effort to enhance the employability of the student in industry is through Internship and industry sponsor project in which we expect the students to learn the practical approach and understand the industry environment. Company is requested to allot project to the students or else depute the student on an ongoing activity/project, or they may be placed in different departments within the company to understand the flow of functions and interdepartmental responsibilities. This will save company efforts on training after employment and students will deliver fast once he/she will join the company.

Mr. Vivek Guruwale is a student of 6th Semester of Electronics & Telecommunication Engineering department in our Institution and is interested to undergo training from 30/5/2019 to 30/6/2019 in your esteemed organization. I am sure that with your kind support we will be able to establish a meaningful Industry-Academia Collaboration which leads to improvement in quality of our students. This internship is as per the recommendation of the institute for curriculum enrichment.

We request necessary permission be accorded to the student for Internship if any. Kindly Oblige

Thanking You.
