**CLOSED - LOOPING REMARKS FOR IQAC FILE NO. 3A**

**(Academic Year 2019-2020)**

This file contains the details of student's feedback & analysis is taken regarding academic performance of faculty in their respective subjects of AY 2019-20. It is one of the way to collect views from students about quality of educational experiences & suggestion for improvements. We are taking two feedback per semester of each faculty. The feedback is based on knowledge, Preparation, Depth of topics, Methodology used, communication skills, Doubt solving ability, overall behavior with students, Punctuality, & value adding in teaching. Based on student's suggestions in feedback, the head of department instructing to concern faculty to improve in respective areas.

Following are the key remarks about the student feedback & analysis for AY 2019-20.

- The average feedback of all faculty in A div was 92%, B div was 89%, A div was 93% in first feedback.
- The average feedback of all faculty in A div was 84%, B div was 92%, A div was 88% in first feedback.
- Average feedback of each class is more than 85%.
- Overall feedback of each faculty is very good.

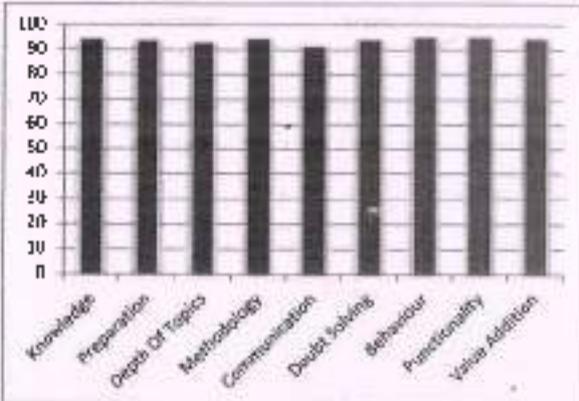

Prof. Amit Kasar  
Student's Feedback & Analysis  
Coordinator

Prof. Rakhi Wagh

Dear Prof. DIPAK RAJU RAUT,

Comments from students with respect to the feedback for the Theoretical subject Basic Electronics Engineering taught by you for Engineering Sciences SEMESTER II of AY 2019-2020 are summarized below

Matrix(Students 45)

Comments :- 1] Handwriting is too small and hence difficult to interpret 2] Need to explain graphs in more depth and detail because they are very hard to understand. 3] handwriting should be big 4] Needs to go a bit slow. 5] Dipak Sir has a friendly behaviour in class and has good depth of subject. 6] Friendly behaviour and nice guidance. Should improve TEACHING method because sometimes when he teach 7] Sir please increase the size of your handwriting

Remark :-

kindly work on students suggestions. ~~But~~ Overall feedback is good. keep up the good work.

Dear Prof. SMITA RAMKISHAN KADAM,

Comments from students with respect to the feedback for the Theoretical subject: Basic Electronics Engineering New taught by you for Engineering Sciences SEMESTER I of AY 2019-2020 are summarized below:

Matrix(Students 46)

Comments :- 1] Everything is good but she should try to make the topics more clear 2] Need to be a little slow while explaining topics and cleared concept 3] Not at all good at teaching 4] Plzz teach from basics,electronics is new for us .I didn't understood nothing,sorry but it's true 5] Plzz teach from basics,electronics is new for us .I didn't understood nothing,sorry but it's true 6] Plzz teach from basics,electronics is new for us .I didn't understood nothing,sorry but it's true 7] The conveyance of the topic should be improved 8] Teaching speed should be slow 9] Don't assume that we know everything. Please specify everything in simple language and slow tempo 10] It's in a very rare case that what she have taught we have understood just becoz we have alreadyes

Dear Prof MADHURISRIDHAR REDDY,

Comments from students with respect to the feedback for the Theoretical subject Engineering Mechanics taught by you for Engineering Science SEMESTER I of AY 2019-2020 are summarized below

Matrix (Students 63)

Comments :- 1] Excellent way of teaching 2] She is just a awesome i love the way she personally teach students 3] Best teacher for mechanics. Give attention to each and every student 4] Awesome teacher, quite co-operative ,well teaching 5] She is very understanding and is always there to solve our doubts. 6] She has good knowledge about mechanics. Reaches out to the students to clear doubts. We don't feel s 7] very understanding and friendly 8] She is good in explaining the proper problem relative to concept 9] She teaches the best as she starts from basics and then takes to the level required by university 10] Nice teaching method 11] Mam clear every doubt about the subject 12] She is polite with all the students and clears all the doubts we have 13] friendly and good teaching 14] Needs to teach the concepts a bit more in detail 15] problem solving skills are really too good as well as the relationship between students is nice. 16] The way u explain mam it's amazing , thank a mam to explain in such good manner 17] very good nature,frankly with all 18] Excellent teaching and friendly doubts solving 19] madom have special ability to use their knowledge for sake student like us 20] Friendly doubt solving...good knowledge about subject... 21] Madam always clears all doubts and has an always positive attitude 22] Great Teacher one can have for the ENGINEERING MECHANICS . Ready to help us anytime. 23] best teacher because solves everyone doubt. 24] doubt solving is done perfectly :) 25] Best teacher. Clears doubts in very nice manner. Student-friendly behaviour. 26] Nice teaching, Proper Explanation 27] Need to improve teaching...directly jumping on sums before clearing theory. 28] Madhuri mam is solving doubts,very friendly to students,has good communication skills ,very sincere 29] She is very good teacher.

Remark - Excellent

Dear Prof. YOGITRAJ RAMAKANTHRAO DESHMUKH,

Comments from students with respect to the feedback for the Practical subject Systems in Mechanical Engineering taught by you for Engineering Sciences SEMESTER I of AY 2019-2020 are summarized below

Matrix (Students: 59)

Comments :- 1) He explains everything in detail. Has a very deep knowledge about the subject. Very kind hearted, 2) Best teacher ever seen. Seniors are said me that sir is devmanus 3) Not so much interactive in class 4) No words to say about him he is just amazing 5) Very nice practical explanation skill and friendly nature 6) He uses a very brief method of explaining 7) He explains all the practical neatly 8) He explains all the practical neatly 9) Excellent knowledge 10) You always explain practical in good manner 11) Very relevant and smooth style of teaching 12) Clear explanation of practicals...cool atmosphere during class...excellent.

Remarks:-

Good feedback.

Dear Prof AMIT RABAN KASAR,

Comments from students with respect to the feedback for the Theoretical subject Basic Electrical Engineering New taught by you for Engineering Sciences SEMESTER 1 of AY 2019-2020 are summarized below

Matrix (Students 57)

Comments :- 1) HAS A GOOD COMMAND OVER SUBJECT 2) one of best faculty of I2IT, sir is teacher with full concentration 3) teaching is very good. 4) but he is little bit strict and if anyone tries to cross him on any topic he gets angry 5) it becomes boring after some time 6) amit is having silent nature in our class 7) nice teaching 8) please give him diwan bonus or he can buy some formal shirts 9) should work on teaching methodology 10) should improve presentation of the topics and the way he present on the blackboard. 11) Sir should write in proper form on blackboard. Should not jumble the formula and theories. 12) you are lucky that the seats don't contain 0 or -ve numbers

Remark. Good. Try to work on teaching methodology.

Dear Prof. RAKHI PRASAD WAGH,

Comments from students with respect to the feedback for the Theoretical subject Systems in Mechanical Engineering taught by you for Engineering Sciences SEMESTER 1 of AY 2013-2014 are summarized below.

Marks (Students 61)

Comments :- 1] Cool teaching methods 2] Between lectures she starts speaking in marathi because of which some students are in trouble 3] Fantastic 4] All-rounder. In her lecture i never got bored 5] Her teaching methods are perfect and her notes are very helpful. 6] Friendly in nature 7] She is very supportive teacher and always helps the students 8] She always tries to make classes interesting. Never shouts or scolds anyone. Tries to create humor. 9] Totally cool T.O.B. just keep it that way all year long... 10] very good answer and frankly with all inside and outside of class 11] She explains all the topics neatly only sometimes its somewhat confusing to understand the concept 12] supports a lot in academics and as well as in non academics activities 13] Friendly environment and excellent teaching methodology 14] SHE becomes easy to understand due to mom 15] Nice mam 16] Communication skill is good 17] She makes the subject more interesting and full of fun for us by her teaching method. Great Nature. 18] Rakhi mam is a good teacher and can define students very easily.

Dear Prof. SANDEEP RAGHUNATHI VARPE,

Comments from students with respect to the feedback for the Theoretical subject Engineering Physics New taught by you for Engineering Sciences SEMESTER I of AY 2018-2020 are summarized below

Matrix (Students 62)

Comments :- 1] His teaching skill is just up i love the way he run up with us 2] Awesome teaching methods 3] Pronunciation is not clear 4] Gives other than subject information which is helpful for students. Behaviour towards student is good 5] He is a friendly person and is very helpful 6] He is a good teacher. Always expect that students should speak good about him. 7] excellent teacher i ever had. 8] he is very friendly but sometimes we are not able to understand what he is try to tell in lecture 9] Little difficult to understand but good teaching method 10] Teaching is good 11] Sir is good in explaining the concept, but proper explaining is more accepted 12] Sometimes I am not able to understand the topic when its complicated 13] A little problem in understanding the pronunciations but otherwise good. 14] The class maintenance technique is too good and maintaining good relationship between students. 15] good nature but not very good in physics 16] Good teaching and best doubt solving 17] Sir is teaching very properly, Try to make easy subject to understand us. 18] problem with communication....have good knowledge about subject. 19] A little problem occurs when pronunciation is not understood. Need to hear every word twice. 20] Please sir increase you communication skill Most of we don't understand what exactly you are saying 21] Speak a little fast but explains neatly and how many times we want. Supportive Nature. 22] Not good in vocabulary 23] Sandeep Sir is a knowledgeable person 24] He is a most liked teacher from students.

Remark - Teaching Methodology and communication skills should be improved.
