MARATHI BHASHA DIVAS REPORT

The I2IT college has celebrated "Marathi Bhasha Din" on the occasion of the birth anniversary of noted Marathi litterateur V.V.Shirwadkar, popularly known as "Kusumgraj" on Thursday, 27 February 2020.

On this occasion the students and staff were presented their Marathi poem and article. Some participants were presented Marathi song. Faculty has explained the importance of this day as a Marathi bhasha divas.
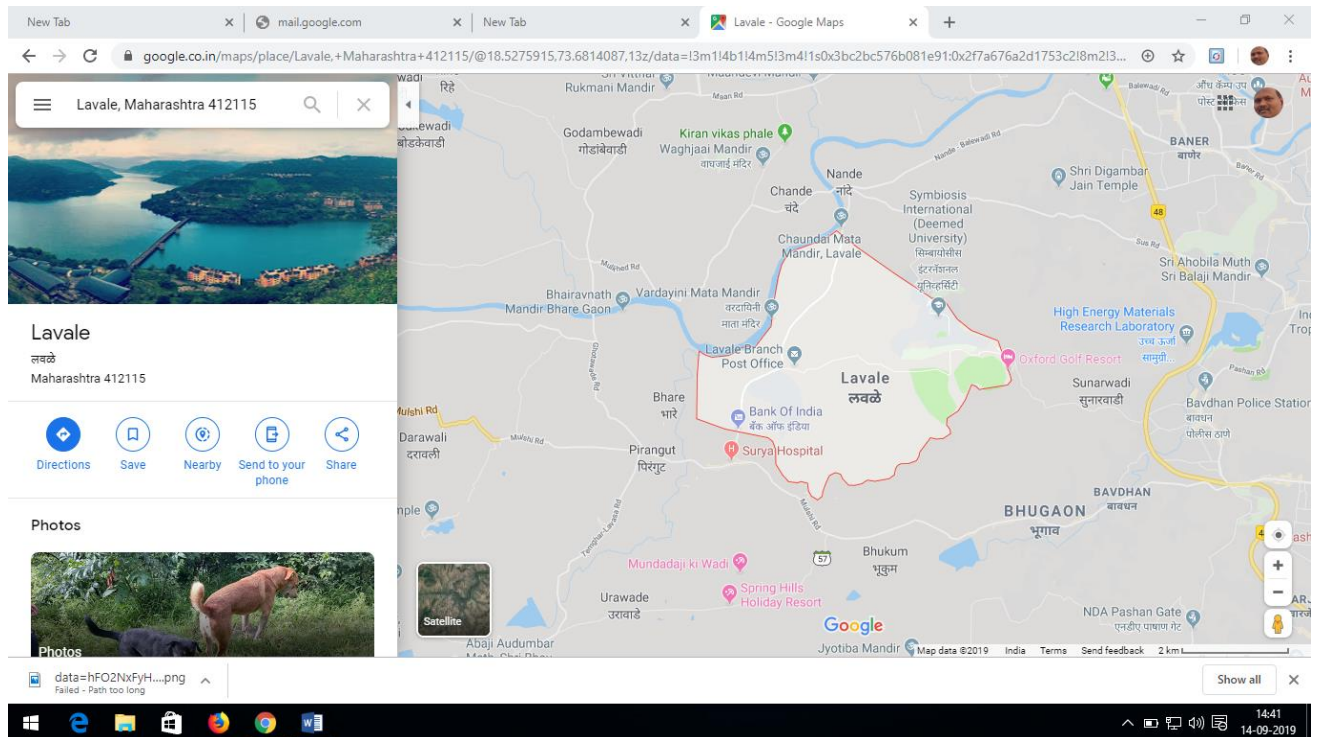

For the said program Adesh Patwardhan, Dr.Varsha Degaonkar and Dr. Sandeep Varpe,Mandar Datar, Suvarna Bhagwat , Hatangale Sir, Dr.Risil Chatrala,were present.

Program was concluded by the vote of thanks given by SDO Prof Mahesh Waghmare.

REPORT OF VISIT TO LAVALE VILLAGE ON 14/9/19

Introduction:- Lavale is a village in mulshi taluka on the outskirt of Pune. Lavale Village is known for the cultivation of various crops like onion, rice, jamar, potatoes, and other vegetables. Guava is the most cultivated fruit. The atmosphere of the village and its surroundings is mostly cooler than that of the city. The Mula River passes through this region, and flowing through Wakad and Baner areas as it makes its way to Pune.

LOCATION OF VILLAGE

According to Census 2011 information the location code or village code of Lavale village is 556128. Lavale village is located in Mulshi Tehsil of Pune district in Maharashtra, India. It is situated 8km away from sub-district headquarter Paud and 15km away from district headquarter Pune. As per 2009 stats, Lavale village is also a gram panchayat.

The total geographical area of village is 1960 hectares. Lavale has a total population of 6,732 peoples. There are about 1,537 houses in Lavale village. Pune is nearest town to Lavale which is approximately 15km away.

Population of Lavale

Population of Lavale Village

Male = 3621

Female =3111

Total= 6732

The our Institute has identified neighbor village as a Lavale as a Jal Shakti Village and formed a Gram Jal Shakti Team for development of water conservation system in the village.

The institute has prepared the Gram Jal Shakti Team as follows,

Sr. No	Name of the Member	Designation
1	Swati Kadam	Sarpanch
2	Vaishali Satav	Ex Sarpanch
3	Vaibhav Kudale	Member Gram Sabha
4	Machindra Kashilkar	Member Gram Sabha
5	Sanjay Satav	Member Gram Sabha
6	Mahesh S Waghmare	Faculty
7	Dr Sandeep Varpe	Faculty
8	Dr Varsha Degaonkar	Faculty
9	Siddhant Dhokrat	Student TE COMP
10	Mayur Surkar	Student BE ETC
12	Swapnil Chore	Student TE COMP
13	Anita Raut	Student TE COMP
14	Pratiksha Ghule	Student SE ETC
15	Mahesh Patil	Students SE COMP

Existing Water Management in Village: - The team has made a survey in the village and following observation has been made.

1. There is a one Mula River in the village and intake well in constructed near the river. The water is lifted with the motor and transported to elevated surface reservoir (ESR)with a capacity of 3 lakh liter . Then this water is transported to the filter plant for treatment for purification purpose.The drinking water is provides at 4 to 5 location in the village where villagers can take water for drinking purpose. The water which is required for other domestic use is supplied with the pipe line and tap directly at home.
2. Now there is no any drainage system for village to pass storm water.
3. Now there is no any sewage treatment plant because it is not affordable to village.
4. In summer season there is a water scarcity but it is managed by transporting water from one well to another well.

Suggestion to improve water conservation in the village

1. Rain water harvesting to every house and structure in the village to store rain water under the ground and percolate and improve the water table.
2. Construction of check dam/ KT weir for selected site for water conservation.
3. Contour trenches/ nala bunding on the hill to percolate water in the ground
4. Farm pond as a water bank in the village
5. Water literacy program to be conducted.

Meeting with sarpanch office

Gram Panchayat Office at Lavale

The rain water harvesting system is installed in the campus. The campus having sloping topography, so using this physical feature we have taken a well near the research center building so that whatever water is getting in rainy season in this way water get collected in the underground tank and also percolation takes place and water table level is also increasing in that area. The rain water harvesting methods is the need of the hour and all should adopt this method for conservation of water.

Report on

"TREE PLANTATION AT APANGSHALA

First Year of Engineering (F.E.) 2019-20 Batch

Dates:22/08/2019   **Time:** 10.00 AM. to 1.00 PM.

Venue: APANG SHALA, MAAN VILLAGE

Hosted By: JAGTAP SIR

Conducted By: FE DEPTT- M S Waghmare

Participants: FE Students

Coverage: Tree Plantation programme was held at APANGSHALA near maan gaon on 22th Aug 2019 at 10.00 am to 1.00pm. The students of class FE (ETC, COMP, IT) actively participated in the programme. Students had planted various types of plants some of them being is Neem and Karanj etc.

Benefit: - Trees give off oxygen that we need to breathe. Trees reduce the amount of storm water runoff, which reduces erosion and pollution in our waterways and may reduce the effects of flooding. Many species of wildlife depend on trees for habitat. Trees provide food, protection, and homes for many birds and mammals.

REPORT

The NSS units of Hope Foundation's International Institute of Information Technology, Hinjawadi Pune had organized a one month Voter Registration camp at I²IT College situated in Mulshi Taluka of Pune District. This Voter Registration Drive was organized from 26th August 2019 to 24th September 2019. During the drive around 103 people were helped for various Voter ID facilities like New Voter Registration, Updating of Voter Id, etc.

During the drive, NSS Volunteers first did the survey of all college students, teaching and non-teaching staff who don't have Voter ID's. Communicating by E-mail and Information Broachers, List of all essential required documents needed for registration and updating of Voter ID was circulated. There list was made and accordingly their registration was done by the volunteers. The volunteers had spread awareness about the process for registering for Voter id through online portal. In this way the Voter registration/correction drive was been carried out successfully by NSS unit in an Institute.
