Academic Year 2018-19

REPORT

The NSS units of Hope foundation's International Institute of Information Technology, Hinjawadi Pune and Rajeshri Shahu College of Engineering had organized a one week camp in the Jambavade Village situated in Maval Taluka of Pune. This camp was organized from 30th December 2018 to 5th January 2019. The camp had decided that construction of dams which was a part of social work of the camp would be held on third and fourth day of camp.

The camp had 5 teams comprising of 10 members each. Out of 5 teams, 2 teams were selected for the construction of dams. On the first day all the 2 teams after having their breakfast arrived at the given site in village and then began to work. The whole teams first cleared a valley area and then began collecting and placing stones at the given point. On average a 6 layer earthen dam was laid. In these work girls, boys and also teachers participated. The program continued for 2 days beginning from 8 AM to 1 PM. By doing this social work we were able to block the water-flow from the valleys.

This program acknowledged the students for stopping the water current by building Earthen Dams. 4 Dams were built each day summing up to total of 8 Dams.
