

Hope Foundation's International Institute of Information Technology, Pune

Department of Computer Engineering

20th July, 2020

Academic Year: - 2020-21

Name of Event: - Guest Lecture

Name of Event Coordinator: - Dr. Sashikala Mishra

Date of the Event: - 20th July, 2020

Resource Person: - Mr. Ramuka Murari

Number of Participants: - 61

Topic: - Projects in Data Analytics

Objectives: -

1. Concept of Data Analytics
2. Python in DA
3. Scope of DA as a career option

Outcomes: - Student will able to

1. Understand the importance of Data Analytics
2. Implement and develop the applications using Data Analytics
3. Analyze the importance of DA as career option

Summary of the Event: Mr. Ramuka Murari currently working in Atos, pune conducted a guest lecture for the final year students. He highlighted the importance of Data analytics as per the industry aspects, and discussed the various python libraries to develop the projects. He also focuses on the various career options for computer engineering students in DA. He covered the methodology like recording, analysing, disseminating, and presenting data findings which are easy to interpret and make decisions for the business. He also focuses the various jobs available for DA.

Event Photos:-

The screenshot shows a Zoom meeting interface. At the top left, there is a red 'REC' button. The main content is a slide titled 'Data Analytics Jobs' with a bulleted list of benefits. To the right of the text is a circular infographic with 'Data Science' at the center, surrounded by icons and labels for 'More Jobs', 'Practical Knowledge', 'Analytical Skills', 'Higher Growth', 'Better Opportunity', 'Higher Salary', 'Skills Demand', and 'Best ROI'. The GREYAT AIM logo is in the top right corner of the slide. At the bottom of the slide, there is a small text box that says 'meet.google.com is sharing your screen'. In the bottom right corner of the Zoom window, there is a 'You' icon with a red 'P' and a mute icon.

REC

Data Analytics Jobs

- High in demand
- Abundance Positions
- Highly Paid Career
- Highly Prestigious
- Versatile
- IOT and other development will boost
- Every organization is extensively focused on this

yes sir

what should be our first step to get into this industry*

GAURI LODHA 1 min

sir , according to you which Cloud based company will take market in upcoming years?AWS or GCP or Azure?

sharvari gadiwan Now

Thank you sir

Siddhant Singh Now

For training models with better epoch higher end gpu is required... How to overcome this issue? If we make use of Google collab the model isn't downloadable. (I want to make a model with the help of images)
