Activity Report:

The competition was organised by PP Chhabria Research Centre, Pune and evaluated by Alumni of IIT, Mr. Srijan Shukla , Successful young entrepreneur. This competition was held to encourage students from our college to make their idea happen and implement them in reality and make students familiar with the world of business and startups.

Students actively participated by showing their keen interest towards ideas through brief powerpoint presentations and posters. Out of all the participant teams 6 teams were shortlisted for next round and then 3 winning teams were declared .
