Activity Description:

The event commenced at a small underpass near Amruteshwar temple which is near River Mutha Bank. This was the meeting point for all the volunteers for this event. The reporting time given to the volunteers was 7 am. This was a two hour event. We collaborated with Pune-Ploggers who have been given the dutiful task to clean the entire Mutha River within the span of three years by the government. Covid norms were followed and utmost care was taken by the volunteers. The volunteers were provided with hand gloves so that they could help and clean the river in an effective manner.

Volunteers cleaned a patch of land near the River Mutha shore in the span of two days. Over 150 volunteers were present to clean the river. Volunteers found a lot of waste near the river which was not thrown appropriately. This included factory or industry waste, biodegradable waste, sanitary napkins to name a few.
