

ACM INTRODUCTORY EVENT

Academic Year: 2021-22

Name of Event: Introductory Event

Topic: “Introductory Event”

Date & Time of the Event: 21st August 2021, 5:30 PM

Targeted Audience: ACM Members

Venue: Google Meet

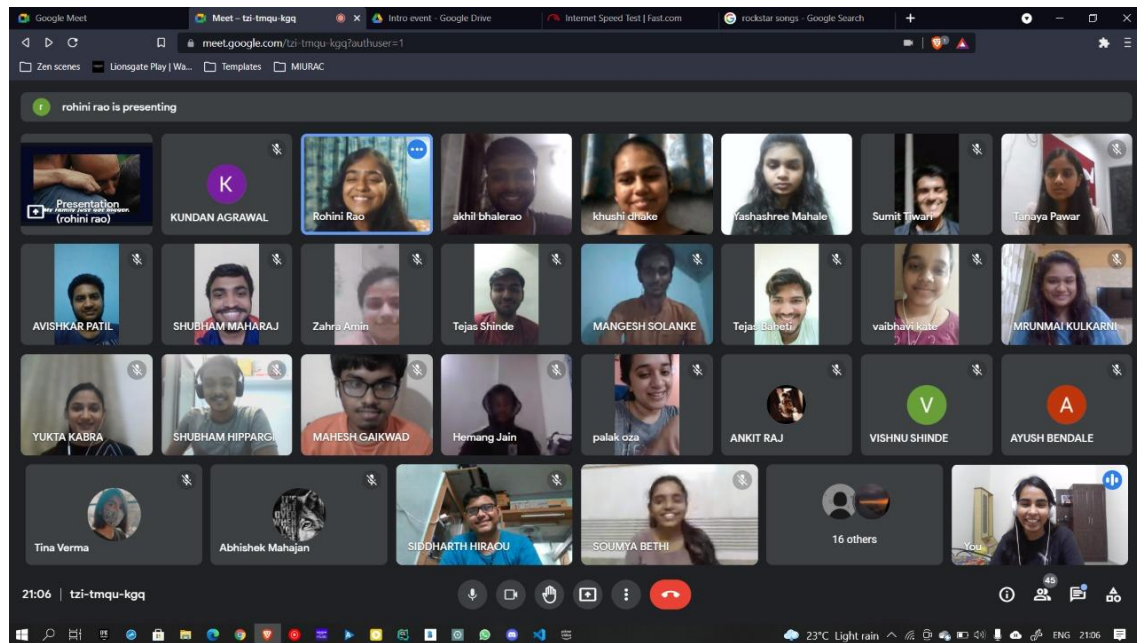

Coordinator: Prof. Manjusha Amritkar

Number of Participants: 60

Activity Description in Nutshell:

The event was conducted by committee members of ACM Student Chapter of I2IT. It was specially organised for our new team members who joined us this year from second year. Along with introduction we had a combined membership drive. About 60 students participated in the event. The event started with the committee members who were hosts, introducing themselves and then the fellow juniors introduced themselves. Then there were some ice breaking games conducted in three rounds. In the first round, participants were expected to guess name of movies and songs with emojis as hints. Similarly, in second round they were supposed to guess name of countries by emojis. For the last and the final round, they were grouped in a team of 5 and were given a bunch of prompts. They were supposed to complete the task of prompts and upload it on google drive folder. At the end of the event, they were given some fun titles as individuals as well as group. Some of the titles were- Best team, know-it-all, hero of the chat, the most active party animal etc.
