### **Activity Description in Nutshell:**

The department of computer engineering conducted Tech Talks with GDSC I²IT : Cybersecurity Edition with Guncha Malik on 29th Oct 2021. This event gave a professional perspective over how the cybersecurity sector works. Students learned about the Journey of Mrs. Guncha Malik from simple student in college to working with one of the top companies in the world in the field of cybersecurity. Also learned about different types of cybersecurity attacks like ransomware, wannacry and the process of blocking and tracking the attacks. The speaker talked about the current and the future industry scenario. Discussed about the relevance of cybersecurity certificates, courses and the process of becoming a cybersecurity expert from a novice. Students asked numerous questions, ranging from the industry to academia (further studies), niche fields, expertise, courses, certificates, social media and many more.
