Activity Description in Nutshell:

The Add on Course on "Mobile Application Development" was organized for SE COMP Students on 16th, 17th, 20th & 21st December 2021 at 10.00 am. Mr. Suresh Pal started with the Q&A session, which exposed the student's basic concepts about different files execution dependency on OS and programming languages. He thought them CORDOVA installation procedure with required plugins details. Whole course was very interactive as students have shown the given tasks each day and also got their doubts solved while doing the same. The quizes were conducted periodically, where students participated actively. Throughout the course students developed different mobile applications like Calculator, Currency converter, .etc. The course ended with the additional topic of offline app development, its requirements and distribution of project topics for exploring student's creativity.
