Guest Lecture on “Machine Learning-Industry Perspective”

Academic Year: 2021-22

Name of the Event: Guest Lecture on “Machine Learning-Industry Perspective”

Date & Time of the Event: 20th November from 11.00 A.M TO 2.00 P.M

Name of the Speaker: Mr. Jnanendra Prasad Sarkar

Designation: Chief Data Scientist & Lead Consultant

Name of the Company / Institution with Address: LTI

Targeted Audience: TE IT & BE (Honor Course students)

Venue: Online Mode (Google Meet)

Event Coordinator: Dr. Jyoti Surve

Number of Participants: 50

Activity Description in Nutshell:

The Department of Information Technology has organized the Guest Lecture on “Machine Learning-Industry Perspective” on 20th November 2021 in online mode for TE and BE (Data science and machine learning honors course) students. The duration of the event was 3 hours started at 11:00 AM. A total of 50 students have attended the guest lecture.

Due to the Covid-19 pandemic, the Guest Lecture was conducted through online mode (Google meet). The link is shared with all the students. The guest resource person was heartily welcomed by Dr.Jyoti Surve, Associate professor of the Department; Information Technology. Mr.Jnanendra Prasad Sarkar was the resource person for the Guest Lecture. He has a total of 21 years rich

industry experience of Leadership, Product Management, Delivery, Consultancy of Data Architecture, Data Analytics, and R&D in AI/ ML driven product.

In his talk, he emphasized the importance of Data science in industry lens, Machine learning project process that industry follows, Machine learning project Deployment flow. He has also focused on multiple hats of Data scientist, statistics and sampling, future demand of AI. The resource person has cleared all doubts/queries asked by the students. The event ended with a vote of thanks.

As per the feedback received from the students, it was a very good learning experience, the guest lecture helped them in their understanding of the data science and machine learning concept. This will be helpful for the students to build their final year projects with respect to industry standards.
