Activity Description in Nutshell:

The Department of Information Technology and Electronics & Telecommunication has organized the Guest Lecture on "Object Oriented Programming Principles and Design Patterns" for SE IT and TE E&TC students. Mr. Sagar Deshmukh was the resource person for the Guest Lecture. He has a total of 12 years of industry experience. In his talk, he emphasized the importance of Object-Oriented Programming Principles & its implementation to model the real world problems. He also discussed about how to apply appropriate design patterns to provide object oriented solutions. The resource person has cleared all doubts/queries asked by the students. The event ended with a vote of thanks. As per the feedback received from the students, it was a very good learning experience; the guest lecture helped them in their understanding of the Object-Oriented Programming Principles and Design Patterns.
