# **Counselling Support & Services**

A counsellor is available to provide confidential counselling assistance (on demand/appointment) to students. A variety of concerns relating to educational difficulties can be addressed including habits, stress, lack of motivation, or attitudes related to Institute.

### **Project Internships & Placements**

Project internships expose students to the corporate world beyond the boundaries of the campus, enhancing their self-awareness and aiding them in their career choice. As a result of these internships, students have a better understanding of work and challenges and demands of various careers. This would also enable them to examine and refine their goals and make more appropriate and informed occupational decisions. To make this happen, we have a dedicated Training & Placement department that provides assistance to eligible students.

- 1. The role of the Training & Placement department is that of a facilitator and counsellor for project internships/placement related activities. Neither the Institute nor the Training & Placement department guarantees a job. Applying for a company or joining a company is entirely the responsibility/decision of the student concerned.
- 2. A joint committee comprising of students, Training & Placement department team members & respective academic department team members will discuss and decide on various strategies for placements.
- 3. Students must keep their Identity Card with them at the time of PPT/Test/Group Discussion/Interviews and produce the same when demanded by the visiting team or Training & Placement department.
- 4. There is a limitation up to **5** times that a student can apply/appear in interviews for projects and projects-cum-placement and a limitation up to **5** times that a student can appear for interviews for final placement until the **FIRST** job is secured. Once selected in a company from **ON** CAMPUS, there would be no 2nd chance given.
- 5. The selected student could be given an opportunity to re-apply/appear to a company on campus if the CTC is **15** Lacs & above or an overseas opportunity.
- 6. Interviewing companies have their own minimum standards before they interview a student. Students must follow the company criteria in addition to the process of campus recruitment. You are required to read, understand the Job Description thoroughly and only then register you name for the process which would be considered as a chance.
- 7. One could refrain from attending the process after registering, by seeking prior written permission, failing to which would be considered as a

chance.

- 8. Once a student has been short-listed by the Company for further test/interview etc., he/she is not permitted to leave the placement process in between, unless he/she decides to completely de-register with Training & Placement department.
- 9. Once a student has been short-listed by a company for the placement process, he/she is NOT allowed to contact the members of the team visiting the campus for placement purpose without prior permission of the Training & Placement department.
- 10. Training & Placement department strongly discourages students from going for off-campus placements to companies who are existing campus recruiters, as this adversely affects the company-Institute relations.
- 11. If a student is found doctoring his/her resume submitted to Training & Placement department, his/her registration at Training & Placement department will be cancelled and the matter will be referred for disciplinary action.
- 12. In case a student does not attend the PPT (Pre-Placement Talk) of any company then he/she would NOT be allowed to sit for the final recruitment in that company.
- 13. You are advised to refer the Guidelines of Training & Placement department for further details.
- 14. Students are encouraged to make their own plans and efforts according to their own preferences and career goals.
- 15. Any violation of the aforesaid rules/regulations or indulging in any act of indiscipline/ misbehaviour may result in debarring the student from availing project internships/placement assistance and/or a penalty. The nature of the penalty will be decided on a case-to-case basis by the disciplinary committee.
