Respected Madam,

The Department of Information Technology and Computer Engineering is organizing a 6 days Faculty Development Program (FDP) on "Biomedical Image Processing" from 25th October 2021 to 30th October 2021.

We have finalised 13 resource persons from the IT industry and academia who will deliver the sessions. We have to pay them the honorarium amount for the same.. So, I kindly request you to sanction the budget of the amount Rs. 60,000/- and permit us to conduct the FDP.

ABOUT INSTITUTE

The International Institute of Information Technology (I²IT), Pune [pronounced as I Square IT] was established by Late Shri. P. P. Chhabria, Founder Chairman of Finolex Group of Companies, well-known philanthropist, and Former President of MCCIA. As a world-class academy that impart high-end education in Engineering and Technology the Institute has strived to meet the growing needs of the industry.

I²IT has always propagated 'Innovation and Leadership' as it's mantra to bring ground-breaking ideas and provide a rock solid foundation for learning. I²IT equips students to be able to taken on challenges in the areas of Electronics & Telecommunication, Information Technology, Computer Engineering and other niche areas of expertise.

Located in Rajiv Gandhi Infotech Park, Hinjawadi, the institute is able to leverage its association with leading organizations in Information Technology and thereby build on its industry-academia alliance. Additionally, I²IT has the distinct advantage of having its own research centre – Pralhad P Research Centre that carries on R&D in diverse domains of engineering and technology including energy, environment, telecommunication, spatial data infrastructure, and computation (pperc.isquareit.edu.in)

VISION

To be a premier academic institution that fosters diversity, value-added education and research, leading to sustainable innovations and transforming learners into leaders.

MISSION

- To strive for academic excellence, knowledge enhancement, and critical thinking capabilities by adopting innovative and dynamic teaching-learning pedagogies
- To enrich and leverage interactions and associations through industry-academia partnerships
- To groom students so as to make them lifelong learners by helping them imbibe professional, entrepreneurial and leadership qualities
- To embrace an environment that allows all stakeholders to benefit from the technology-enabled processes and systems

ABOUT DEPARTMENT OF INFORMATION TECHNOLOGY

The Department of Information Technology imparts an outstanding educational opportunity for those planning to pursue a career or gain in-depth knowledge in Computing Technology. Keeping pace with the IT era, the Course Curriculum covers an exhaustive realm of fields that cater to convergence of computing and communication applications to satisfy the demands of industry. The department aspires to be recognized as an ingenious department that provides value-added education with technology excellence to transform students into lifelong learners and ethical professionals.

ABOUT DEPARTMENT OF COMPUTER ENGINEERING

The Department of Computer Engineering imparts an outstanding educational opportunity for those planning to pursue a career or to gain in-depth knowledge in Computer Engineering. The Department of CE envisages to be an eminent Department that provides exemplary education that would nurture innovative thinking, quality research and thereby grooming students to become skilled professionals and researchers in various field of Computer Engineering.

ABOUT FACULTY DEVELOPMENT PROGRAMME

The purpose of this FDP is to make participants well acquainted with various bio-medical image processing techniques and tools available in the Artificial Intelligence and machine learning domain. It presents an overview of the most advanced Bio-Medical Image Processing technologies and their applications. The participants will gain in-depth knowledge of Medical Image Processing tools, algorithms, and devices. The FDP offers hands-on sessions on a variety of case studies such as Nero imaging, deep learning, CNN using Python. We have identified different resource persons from industry and academia which will definitely bridge the gap between industry and academia and helpful for the faculties and researchers to enhance their skills in this domain.

OBJECTIVE

- To demonstrate machine learning and AI techniques in Bio-Medical Image Processing
- To understand the deep learning approaches in Neuro Images
- To learn the various approaches for tumor detection and identification of skin and Covid-19 diseases
- To motivate researchers to pursue research in the field of Biomedical Image Processing using AI

CONTENT

- Building Neural Network from scratch in python.
- Applications of AI-ML in biomedical imaging.
- Prediction and Detection of various diseases like Tumour, Breast Cancer, Covid-19, Skin using Image Processing with AI.
- Processing and Analysis of Bio medical images (MRI, MRS, CT & X-ray).
- Exploring the fabric of nature: Intricacies of Human anatomy with Imaging.
- Molecular imaging.

REGISTRATION

To register click here: <https://forms.gle/iD9EVQroAtD1ist69>

INSTRUCTIONS

- The workshop will be conducted using Microsoft Teams.
- After registration, participants can join WhatsApp Group for further updates only.
- Link: <https://chat.whatsapp.com/CftRupz1iW20LoyrK1Qja4>
- All participants will receive an e-certificate on completion of the feedback process.

Dear Sir,

Warm Greetings from I²IT Family!!

I hope you and your family are safe and healthy during this Covid-19 pandemic.

It is an immense pleasure to inform you that the Department of Information Technology and Computer Engineering at the International Institute of Information Technology (I²IT), Pune is organizing a 6 days Faculty Development Programme (FDP) on 'Biomedical Image Processing' from 25th October 2021 to 30th October 2021.

As you are one of the known speakers on the topic, your deliberation and participation will surely benefit the participants. Therefore, I am writing this to inquire whether it would be possible for you to be one of the speakers at the FDP. You are free to choose one of the aspects of the topic for your talk.

Your 2-hour session will be scheduled on an **online platform** (Google Meet or Microsoft Teams) for live interaction with participants. The targeted audience will be faculty from other institutes and research scholars.

We believe these dates will suit you and we shall be greatly thankful if you could convey your acceptance at the earliest. Your response will be highly appreciated in this regard

Conferences/Workshops Organized

- [W.1] Machine Learning Techniques for Image Processing and Computer Vision FDP under E & ICT academy, 6th May 2019 -11th May 2019, NIT Warangal
- [W.2] Machine Learning in Image Processing and Computer Vision Applications FDP under E & ICT academy, 24th – 29th June 2019, NIT Warangal.
- [W.3] AI and Machine Learning workshop, AICTE Training and Learning (ATAL) Academy Sponsored FDP Programme, 19th - 23rd November 2019, CSE Department, NIT Warangal.
- [W.4] Machine Learning Techniques for Image Processing and Computer Vision, FDP at Vardhaman College of Engineering, Hyderabad, under E & ICT academy, 25th – 30th November 2019, NIT Warangal.
- [W.5] Machine Learning Techniques for Real Time Applications, Online FDP Programme under Continuing Education Programme, CSE Department, NIT Warangal, 24th – 28th August 2020, NIT Warangal.

- [W.6] A 10 Days online FDP Programme on “Data Science” was organized by Department of Computer Science and Engineering in association with E & ICT academy NIT Warangal during, 02nd – 11th January 2021. (Veltech, chennai).
- [W.7] A 10 Days online FDP Programme on “Data Science” was organized by Department of Computer Science and Engineering in association with E & ICT academy NIT Warangal during, 15th – 24th May 2021. (St.Joseph’s, chennai)
- [W.8] A 10 Days online FDP Programme on “Deep Learning and AI Applications” was organized by Department of Computer Science and Engineering in association with E & ICT academy NIT Warangal during, 21st – 30th June 2021. (Vasavi, Hyderabad)
- [W.9] Deep Learning and Applications, online FDP at Department of CSE, Malla Reddy Engineering College (Autonomous), Hyderabad, under E & ICT academy, 1st – 10th July 2021, NIT Warangal.
- [W.10] Machine Learning Tools for IoT Applications, online FDP at Department of CSE, Institute of Aeronautical Engineering College (IARE), Hyderabad, under E & ICT academy, 12th – 22nd July 2021, NIT Warangal.
- [W.11] Deep Learning and AI Applications, online FDP at Department of CSE, Geethanjali College of Engineering and Technology, Hyderabad, under E & ICT academy, 2nd – 9th August 2021, NIT Warangal.
- [W.12] Data Science and IT’s Applications with Python, online FDP at Department of CSE, Bapatla Engineering College, Bapatla, under E & ICT academy, 9th-20th August 2021, NIT Warangal.
- [W.13] AI & Machine Learning, online FDP at Department of CSIT, Rajarambapu Institute of Technology, Maharashtra, under E & ICT academy, 21st-30th August 2021, NIT Warangal.

Invited Talks

- [T.1] Given a Talk on AI based video analytics and traffic management Jaipur 2018-10-30.
- [T.2] Given Expert lecturer on topic Medical Image Data Processing Gitam University, Hyderabad 2018-06-05.
- [T.3] Orientation Workshop on OER, Content Development, MOOCs and MOODLE, E & ICT Academy, NIT Warangal, 29-10-2018.
- [T.4] Given Expert lecturer on topic Machine learning with python SVIT, Hyderabad, 2018-11-27.
- [T.5] Given Expert lecturer on OER, Content Development, MOOCs and Moodle NIT Warangal 2018-09-11.
- [T.6] Given Expert lecturer on OER, Content Development, MOOCs and Moodle IIIT Nuzvid. 27-12-2018.
- [T.7] Given Expert lecturer on Design and Development of MOOCs through SWAYAM, JNTUA College of Engineering (Autonomous), Ananthapuramu, 21-01-2019.
- [T.8] Given Expert lecturer on topic Artificial Intelligence, Machine Learning and Block Chain Technology in Production and Supply Chain Management, E & ICT Academy, NIT Warangal, 27-4-2019.
- [T.9] Given Expert lecturer on topic Machine Learning Techniques for Image Processing and Computer Vision, NIT Warangal, 8-5-2019.

- [T.10] Given Expert lecturer on topic Deep Learning, Sree Vidyanikethan Engineering College, Tirupati, 24-5-2019.
- [T.11] Given Expert lecturer on topic "Artificial Neural Networks & Deep Learning", MVGR College of Engineering (A), Vizianagaram, 8-6-2019.
- [T.12] Given Expert lecturer on topic "Machine Learning and its Applicatons", Srinivasa Ramanujan Institute of Technology, Ananthapuramu, 11-6-2019.
- [T.13] Given Expert lecturer on topic Machine Learning Applications in Software Engineering, E & ICT Academy, NIT Warangal, 12-06-2019.
- [T.14] Given Expert lecturer on Design Develop and deliver on line courses – Phase II, Coimbatore Institute of Technology, Coimbatore, 19-6-2019.
- [T.15] Given Expert lecturer on topic "Machine Learning Techniques for Image Processing and Computer Vision", E & ICT Academy, NIT Warangal, 25-6-2019.
- [T.16] Given Expert lecturer on topic "Deep Learning and Its Applications", PVP Siddhartha Institute of Technology, Vijayawada, 27-6-2019.
- [T.17] Given Expert lecturer on, "Mathematics behind Machine Learning", Gayatri vidya parishad college of engineering Visakhapatnam, 20 July 2019.
- [T.18] Given Expert lecturer on, "Machine Learning Techniques for Real Time Applications" E & ICT Academy, NIT Warangal, 25-6-2019 and 26-6-2019.
- [T.19] Given Expert lecturer on, "Deep Learning and Bigdata Analytics", AICTE – Sponsored TWO WEEK - Faculty Development Programme, SRKR Engineering College 2-11-2019 and 3-11-2019.
- [T.20] Given Expert lecturer on, "Data Sciences", AICTE – Sponsored 5 days- Faculty Development Programme, CSE Department, NIT Warangal, 11-11-2019.
- [T.21] Given Expert lecturer on, "Artificial Intelligence and Deep Learning", Pragati Engineering College (Autonomous), Surampalem, 20-11-2019.
- [T.22] Given Expert lecturer on, "Artificial Intelligence", AICTE – Sponsored 5 days- Faculty Development Programme, CSE Department, NIT Warangal, 19-11-2019 and 23-11-2019.
- [T.23] Given Expert lecturer on, "Deep Learning and Its applications", Vasavi Engineering College, 25-11-2012.
- [T.24] Given Expert lecturer on, "Machine Learning in Image and Computer Vision Applications", Vardhaman College of Engineering (Autonomous), Shamshabad, Hyderabad, 26-11-2012.
- [T.25] Given Expert lecturer on, "Deep Learning with AI Applications", NRI Institute of Technology, Agiripalli, 28-11-2019.
- [T.26] Given Expert lecturer on, "Artificial Intelligence", JNTUH is organizing AICTE sponsored Five Day Faculty Development Programme, 2-12-2019.
- [T.27] Given Expert lecturer on, "Machine learning and Deep learning for Real time Applications", DST-ICPS sponsored STTP, ECE Department, NIT Warangal, 3-12-2019.
- [T.28] Given Expert lecturer on, "Big Data Analytics for Cyber Physical Systems: Research Challenges and Opportunities", AICTE sponsored two-week Faculty Development Programme, Sri Venkateswara College of Engineering & Technology (SVCET) , Tirupati 18-12-2019.

- [T.29] Given Expert lecturer on, "Artificial Intelligence, Machine Learning and Deep Learning applications in Production and Manufacturing Systems", DST-ICPS sponsored STTP, Department of Mechanical Engineering, NIT Warangal, 4-1-2020.
- [T.30] Given Expert lecturer on, "AI and Machine Learning for Real Time Applications", IIIT Srikakulam, Nuziveedu Campus, 12-02-2020.
- [T.31] Given Expert lecturer on, "Teaching and Learning practices of Data Analysis Through Hands on Experience", Teaching Learning Center Sponsored FDP, Department of Computer Science and Engineering, NIT Warangal, 12-03-2020.
- [T.32] Given Expert lecturer on, "Machine Learning Basics", Faculty Development Programme, SRKR Engineering College, 19-6-2020.

Subject: Invitation as a Chief Guest for FDP

Respected Sir,

The Department of Information Technology and Computer Engineering of International Institute of Information Technology, Pune are organizing One-Week "Faculty Development Program" on "Biomedical Image Processing using AI" from 25th October to 30th October 2021.

Most respectfully, we invite you to attend the said Faculty Development Program as Chief Guest. You are also requested to deliver A Key Note Address during the inaugural session of the Faculty Development Program.

Around 150 faculty/researchers/industry persons are expected to attend the Faculty Development Program. The Faculty Development Program will be conducted through online mode (Microsoft Teams).

Please accept our invitation and oblige.

Thanking you.

Prof. Sarang A. Saoji

Targeted Audience: Faculty, Research scholars and Industry Person

Venue: International Institute of Information Technology, Pune (Online Mode – Microsoft Teams)

Coordinator: Prof. Vishal Chaudhary

Number of Participants: 168

Activity Description in Nutshell:

The Department of Information Technology of International Institute of Information Technology (I²IT) Pune has organized Faculty Development Program during 25th OCT 2021 to 30th OCT 2021 at 10:00 AM- 4:00 PM for the subject “: Biomedical Image Processing using AI”.

The FDP was conducted through Online Mode – Microsoft Teams due to Covid-19 pandemic. The dignitaries present for the inaugural ceremony were the chief guest Speech by Hon. Chief Guest & Keynote Speaker Dr. Arun Jamkar, Former Vice-Chancellor, Maharashtra University of Health Science, Nashik, Dr. Vaishali Patil (Principal, I²IT, Pune).

The Faculty Development Program 168 participant has registered and having good feedback for various topics related to Bio medical image processing. The various topics and techniques related to Bio medical image Processing are covers like Bio medical image Processing using python and CNN, disease identification from images, Brain Tumour segmentation, Molecular imaging, Intricacies of Human anatomy with Imaging, Hands on Deep learning to Neuroimages, processing of Covid-19, skin disease, inverse problem in medical imaging, Machine Learning and AI in medical data analysis

WHAT IS AI AND ML?

- The term AI is applied when a device mimics cognitive functions, such as learning and problem solving

Typical AI System

ARTIFICIAL INTELLIGENCE

More generally, AI refers to a field of computer science dedicated to the creation of systems performing tasks that usually require human intelligence, branching off into different technique

Dear Sir,

We would like to express our heartfelt gratitude for giving your valuable time, and sharing your knowledge and skills in the session entitled "**Building neural network from scratch in python. Application of CNN for Image processing**" at One -Week Online Faculty Development Programme on "**Biomedical Image Processing Using AI**" organized by the Department of Information Technology and Computer Engineering, I²IT, Pune.

This session will help all the participants for their future research works and projects. We are sure they will remember your suggestions and that will be a source of valuable information as they pursue their occupational interest.

Your contributions are greatly appreciated!

We anticipate the same level of bonding at future events at our institute.

Dear Sir,

We would like to express our heartfelt gratitude for giving your valuable time, and sharing your knowledge and skills in the concluding session at One-Week Online Faculty Development Programme on "Biomedical Image Processing Using AI" organized by the Department of Information Technology and Computer Engineering, I²IT, Pune.

This session will help all the participants for their future research works and projects. We are sure they will remember your suggestions and that will be a source of valuable information as they pursue their occupational interest.

Your contributions are greatly appreciated!

We anticipate the same level of bonding at future events at our institute.

PROF. GANESH HINGMIRE [LL.M. (Cardiff University, UK), M.Phil Economics]]

Prof. Ganesh Hingmire is a renowned Intellectual Property (IP) Enthusiast and a winner of two Consecutive National Intellectual Property Awards in 2015 & 2016 given by Ministry of Commerce, Gov. of India.

Prof. Ganesh completed his LL.M. from UK after completing LL.B. from renowned ILS Law College, Pune after his Science degree in Chemistry. He has also completed M.Phil (Economics) from University of Pune with a record of 91% grade point. He has completed several Professional Trainings viz. Japan Patent Office, Indian Institute of Foreign Trade, Indian Institute of Technology, Kanpur and NISCAIR. He constantly supported various industries for their IPR registration and commercialization since 2002. He is a visiting faculty to most prestigious academic institutions in India and delivered more than 1000 sessions in different States including IIT's and National Law Schools.

He is the founder of Great Mission Group Consultancy which is dedicated towards promotion and protection of IPR in the country. He is also the founder and director of GMGC IPR Services Pvt. Ltd., a Start Up recognized by Government of India under the Start Up India Scheme launched in 2016.

He is an ardent reader and passionate writer with more than 200 published articles and numerous news articles in all majorly circulated news papers of Maharashtra and India. He has also authored two books on Economics and Intellectual Property Rights. Manuscript of two more books is under preparation.

He has been interviewed by majority of the news channels in Maharashtra recognizing his work and he has most efficiently utilized the platform to reach out to farmers and aspirants and make them aware about Intellectual Property Rights. He has also started a YouTube channel to widen his reach to make common man aware of IPRs!

Indian Institute of Technology, Kharagpur invited him to chair the session and inaugurate the Patents and Geographical Indications Drive program in 2016. His organization has Memorandum of Understanding (MoUs) signed with many renowned colleges, institutions and Universities in Maharashtra for academic promotion of IPRs.

He has attended six Ministerial Conferences of World Trade Organization (WTO) at Cancun (2003), Hong Kong (2005), Geneva (2011), Indonesia (2013), Kenya (2015) and Argentina

(2017) and his three position papers on GI issues have been published at WTO Website. He chose to work in the area of community IP Rights i.e. Geographical Indications and make it as a tool for economic growth of India. He worked as an expert for International project called "A Tale of G.I. in India" supported by European Union and Government of India. He has worked 34 G.I's out of which 26 are registered. His contribution in registering Agricultural G.I is more than 25% of total Agricultural G.I. registered in India. It is because of his genuine efforts and relentless hard work, Maharashtra is top in the list of Agricultural GIs in India. He continues his work with only one thing in mind "*Miles to Go before I Sleep*". Being the trailblazer in the field of Intellectual Property and particularly in the area of community IP Rights, Ganesh has incalculable level of understanding and experience regarding building a business out of an innovative concept.

ABOUT INSTITUTE

The International Institute of Information Technology (I²IT), Pune [pronounced as I Square IT] was established by Late Shri. P. P. Chhabria, Founder Chairman of Finolex Group of Companies, a well-known philanthropist and former President of Maharashtra Chamber of Commerce, Industries and Agriculture (MCCIA). As a world class academy to impart high-end education in Engineering and Technology the Institute has strived to meet the growing needs of the industry. Established on 10 acres of land, this institute equips students to accept challenges in the areas of Information Technology, Engineering and other niche areas of expertise.

I²IT is an Undergraduate Engineering Institute approved by the All India Council for Technical Education (AICTE), New Delhi; Recognized by the Directorate of Technical Education (DTE), Govt. of Maharashtra and is affiliated to the Savitribai Phule Pune University and offers 4 years full-time B.E. Courses in Computer Engineering, Information Technology and Electronics and Telecommunication with approximately 800+ students on campus.

The three co-ordinates for all the courses offered are theoretical foundations, applied practices and real – life experiences; which are achieved through spacious and comfortable lecture rooms, well-resourced laboratories and hands-on project work in association with various companies. The whole teaching – learning environment is geared towards nurturing innovation and building leadership. The Institute was dedicated to the service of the nation at the hands of the former President of India, His Excellency, Hon'ble Dr. A. P. J. Abdul Kalam.

DEPARTMENT VISION

To be an eminent Department that provides exemplary education that would nurture innovative thinking, quality research and there by grooming students to become skilled professionals and researchers in various field of Computer Engineering

DEPARTMENT MISSION

- To provide a conducive environment that offers an enriching learning experience and motivate students towards innovative thinking and research
- To equip students with technical skills that would help them develop efficient software solutions
- To enhance industry academia dialog enabling students to inculcate professional skills within them
- To incorporate social and ethical awareness among our graduates to make them conscientious professionals

PROGRAM EDUCATIONAL OBJECTIVES (PEOs)

The Program Educational Objectives for the Department of Computer Engineering are:

1. To develop technically competent Computer Engineers with proficient domain knowledge, research attitude and innovative thinking.

Dr. Sheetal S. Sonawane is an Associate Professor in the Department of Computer Engineering at Pune Institute of Computer Technology (Pune). She received Ph. D. in Computer Engineering from College of Engineering at Savitribai Phule Pune University in 2018. She has more than 19 years of teaching and research experience. She has published widely in international journals like Springer, Inderscience and conferences like IEEE, Springer and has more than 635 citations. She is a recipient of the Best Paper Award for her IEEE Conference paper. She has written book chapters in books like "Big data analytics" by PHI Publication and "Semigraph and their applications" by Academy of discrete mathematics and applications, India. She is an author of the book "Information Retrieval and Natural Language Processing a Graph Theory Approach" by Springer in the Big data series and "Foundations of Data Science Based Healthcare Internet of Things" by Springer.

She is a reviewer of conferences and journals like IEEE, Elsevier, MDPI Journal, Inderscience etc. She has published three Indian Patents out of which 2 are granted. She has delivered talks on a national level. She has also remained a technical program committee member and session chair for international conferences. She is involved as coordinator for Data Science Honours course at SPPU and syllabus coordinator for many subjects at university level. Her research interest is in the field of Information retrieval, Natural Language processing and Data Mining. She has focused in the last few years on the research issues in machine learning, handling big unstructured data and graph models for representing and analysing text documents.

Dear Madam,

On behalf of the Department of Computer Engineering, International Institute of Information Technology, I take this opportunity to thank you for your insightful presentation. The faculty members who attended really enjoyed your session. We are grateful for the time and effort you took to share your thoughts and experiences with all the faculty members.

We will shortly share the certificate for contributing as a Resource Person.

Dear Sir/Madam,

Greetings of the day...!!!

I sincerely hope that your family and you are safe and healthy.

It gives me immense pleasure to announce the "Faculty Orientation Program for TE IT (2019 Course)" on 26th July 2021 from 9:00 AM to 5:00 PM for the subject "Machine Learning (ML) and Laboratory Practices-I (LP-I) (ML)" organized by the Department of Information Technology of International Institute of Information Technology, Pune in association with BoS-IT, Savitribai Phule Pune University (SPPU), Pune

The objectives of the FOP are:

- 1) To orient all the faculty towards the revised syllabus of TE IT (2019 Course)
- 2) To understand the learning outcome and depth of the revised subject contents.
- 3) To discuss the effective subject delivery techniques during the semester.
- 4) To provide uniform guidelines for conducting practicals and prepare lab manual accordingly.
- 5) To share the study material, prepare question bank, exam conduction guidelines.

You are also requested to kindly confirm your participation by registering on the below link (No registration fee.):

<https://forms.gle/3qzanR8GWLLSWT2d9>

The FOP will be conducted through Google Meet (online mode). You will get the Google meet link on your registered mail id and WhatsApp group. The registration link will be closed on dated 25th July 2021 at 5:00 PM. WhatsApp group Link is given immediately after registration, you can join via the same.

Note: The faculty members who are nominated by college and about to teach this subject in the current semester are only requested to register for the workshop. **Maximum 2 faculty per Institute.**

All the participants will get an **e-certificate** after filling the feedback. The feedback form link will be shared with you at the time of the FOP.

The brochure and schedule are attached herewith.

Feel free to put forward your suggestions towards conducting the FOP at hodit@isquareit.edu.in

ABOUT INSTITUTE

The International Institute of Information Technology (I²IT), Pune [pronounced as I Square IT] was established by Late Shri. P. P. Chhabria, Founder Chairman of Finolex Group of Companies, a well-known philanthropist and former President of Maharashtra Chamber of Commerce, Industries and Agriculture (MCCIA). As a world class academy to impart high-end education in Engineering and Technology the Institute has strived to meet the growing needs of the industry. Established on 10 acres of land, this institute equips students to accept challenges in the areas of Information Technology, Engineering and other niche areas of expertise.

I²IT has always propagated 'Innovation and Leadership' as their mantra to bring ground-breaking ideas and provide a rock solid foundation for learning. With the vision and mission of providing quality education, the Institute is constructed by world renowned architects with its uniquely designed dome as its temple of learning.

DEPARTMENT VISION & MISSION

Vision:

To be recognized as an ingenious department that provides value added education with technology excellence to transform students into lifelong learners and ethical professionals.

Mission:

- To provide excellent academics with positive atmosphere in the domain of Information Technology.
- To impart new technologies with innovative and interactive teaching learning
- To encourage students for higher studies, skilled professionals and future entrepreneur.
- To groom the student with ethical and social values

Faculty Orientation Program

Academic Year: 2021-22

Name of Event: Faculty Orientation Program

Topic: "One Day Faculty Orientation Program for TE IT (2019 Course)" for the subject "Machine Learning (ML) and Laboratory Practices-I (LP-I) (ML)".

Name of the Speaker:

1. Dr. Bhushan Garware (Keynote speaker)
2. Prof. Minal Apsangi
3. Prof. Nitin Ujagre
4. Prof. Varsha Khandekar
5. Prof. Sonali Rangdale,
6. Prof. Vaishali Ingale
7. Prof. Dinesh Zende

Date & Time of the Event: 26th July 2021, 9:00 AM to 5:00 PM

Targeted Audience: Faculty from various SPPU affiliated engineering colleges

Venue: International Institute of Information Technology, Pune (Online Mode – Google Meet)

Coordinator: Prof. Sarang Saoji

Number of Participants: 46

Activity Description in Nutshell: The Department of Information Technology of International Institute of Information Technology (I²IT) in association with BoS-IT, Savitribai Phule Pune University (SPPU), Pune has organized "One Day Faculty Orientation Program for TE IT (2019 course)" on 26th July 2021 for the subject "Machine Learning and laboratory Practices-I (ML)".

The FOP was conducted through online mode (Good Meet) due to Covid-19 pandemic. The dignitaries present for the inaugural ceremony were the chief guest Dr. Manohar G. Chaskar (Dean, Faculty of Science and Technology, Pune), guest of honor Dr. Aditya Abhyankar (Chairman, BoS-IT, SPPU, Pune), Dr. DiptiPatil (Member, BoS-IT, BoS advisory for OOP subject, SPPU, Pune), Dr. LalitPatil (Member, BoS-IT, SPPU, Pune) (Dr. Surendra Mahajan (Member, BoS-IT, SPPU, Pune), Dr. VaishaliPatil (Principal, I²IT, Pune).

The Faculty Development Program (event) was a huge success. 46 faculty participants from various SPPU affiliated engineering colleges attended the orientation sessions. We have got excellent feedback from all the participants. They were satisfied with the content delivery and answer given to their queries. We have invited Dr. BhushanGarware (Sr. Data Scientist, Persistent) as a keynote speaker. His session was excellent and highly appreciated by the participant. The certificated are sent on registered email-id of the participants.

Subject: Permission for the *Faculty Development* ~~program~~ *program* on 22/01/2022
Respected Madam,

With respect to the above subject Department of Electronics and Telecommunication is organizing the guest/expert lecture on 22/01/2022 at I²IT, Pune for all faculty members on "Statistical Modelling - Applications in Defence & Healthcare". The time of the guest lecture is from 10:00 AM - 01:00 PM.

The resource person details are:

Name of the Expert: Prof K S S Iyer

Affiliation: Retired Scientist

Name of the Industry/Organization: Defence Research Development Organization (DRDO) and former faculty member of I2IT

Contact Details(Email & Phone Number): kss_iyer@hotmail.com, 9096946055

Remuneration required: - FREE

Objectives of the Guest Lecture (minimum 3):

- 1) To give insights of distribution behind data
- 2) To overview the conclusion on Real-world data often require more sophisticated models
- 3) To explore research opportunities in the Defence and Healthcare domain

Outcome of the Guest lecture (minimum 3):

- 1) To recognize statistical modelling as the general framework for the application of statistical ideas
- 2) To reflect important developments, extensions, and applications in statistical modelling
- 3) To be able to have multidisciplinary ideas between substantive research areas, as well as providing a common forum for the comparison, unification and nurturing of modelling issues across different subjects

So we request you to grant us the permission in reference to the subject mentioned above.

Thank you.

About the Institute

International Institute of Information Technology (IIIT) was established by Late Shri. P. P. Chhabria, Founder Chairman of Finolex Group of Industries, a well-known philanthropist and the former President of Maratha Chamber of Commerce, Industries and Agriculture (MCCIA). IIIT has always propagated 'Innovation and Leadership' as their mantra to bring ground-breaking ideas and provide a rock solid foundation for learning. With the vision and mission of providing quality education, the Institute is constructed by world renowned architects with its uniquely designed dome as its temple of learning. IIIT was dedicated to the nation at the hands of Bharat Ratna and former President of India, late Dr. A P J Abdul Kalam. Since then it has emerged as one of the premier institutions in IT in India. International Institute of Information Technology (IIIT), Pune is approved by the All India Council for Technical Education (AICTE), New Delhi; recognized by Directorate of Technical Education (DTE), Govt. of Maharashtra; and affiliated to Savitribai Phule Pune University (formerly University of Pune).

Vision: To be a premier academic institution that fosters diversity, value added education and research, leading to sustainable innovations and transforming learners into leaders.

Mission:

- To strive for academic excellence, knowledge enhancement, and critical thinking capabilities by adopting innovative and dynamic teaching learning pedagogies
- To enrich and leverage interactions and associations through Industry - Academia partnerships
- To groom students so as to make them lifelong learners by helping them imbibe professional, entrepreneurial and leadership qualities
- To embrace an environment that allows all stakeholders to benefit from the technology available

About the department

Over the past two decades, Electronics & Telecommunication Engineering has played a pivotal role in improving quality of human life and also contributed to the economic growth of our nation and the world at large. The main aim of the Department is to impart strong theoretical and practical knowledge in the domains of basic electronics as well as advanced fields of Nanotechnology and Automotive Electronics. There are ample learning opportunities in broad areas of communication ranging from classical fields of Satellite, Wireless, and Optical Data Communication to the latest field of Unified Communication which are provided through well-equipped labs and facilities. The Department is equipped with a variety of antennas with testing and measurement system facilitating research activities. The Department encourages students to carry out innovative research to match the needs of the technical education system, the industry and our society.

Vision:

To nurture young minds and provide them with a strong foundation through academic excellence & skill-based knowledge, transforming them into efficient professionals who can take on challenges in the fields of Electronics and Telecommunication Engineering for a sustainable technological development.

Mission:

- ♦ To educate students on domain knowledge in Electronics and Telecommunication Engineering using adaptive teaching-learning practices.
- ♦ To create a conducive learning environment that offers value-added education, enabling students to be career ready.
- ♦ To cultivate research & innovation as a bent of mind among students by industry-academia interaction.
- ♦ To enrich student with self-learning ability to meet in with technological changes
