Dear Dr. Malvika,

We, students of The International Institute of Information Technology (I²IT), Pune, are interested in working on a healthcare-related research project called Sentiment Analysis to Detect Levels of Substance Dependency using Artificial Intelligence.

We are engineering students in the last year of Bachelor of Engineering and wish to apply our knowledge to provide a solution to real-life problems faced by people from lower-income communities. As Mumbai Health Project is working tirelessly for the vulnerable communities in the urban slums of Mumbai, we hope to receive guidance, support, and advice for our research project during the academic year 2022-23.

So, we request you sponsor our engineering project and allow us to contribute to the cause of the Mumbai Health Project.

Thanking you.

Sincerely,
Simran Shaikh, BE22152

Hi Kunal, Simran and Akshay,

I'm delighted to hear from you.
Gully Clinic will be more than happy to collaborate with you.

Please let me know the steps ahead.

Meanwhile, we will sign an MoU to ensure patient data protection.

Regards,

Dr. Malvika Neeraj
