Quality Enhancement: Plan of Action By IQAC and Outcome Achieved During 2021-22

I. Action Plan	
1	IQAC Action Plan has been prepared based-on the quality objective parameters with set targets for both semesters
2	Industry- Institute Interaction
3	Changes in IQAC Composition & meeting
4	Schedule of Academic Audit
5	Feedback from stakeholders
6	NBA SAR draft timeline

II. Outcomes Achieved

1	The departments have achieved the most of the set targets for the academic year 2021-22 in line with OBE. Few of the targets, faculty publications, patents, grants for research needs to improve.
2	More than 50 content beyond syllabus session were conducted in this academic year.
3	11 add-on courses were conducted in this academic year.
4	5 value-added certificate courses were delivered by the industry experts on the state of art technologies and skills.
5	More than 45 expert sessions were conducted in this academic year.
6	5 industrial visits were conducted by the departments in an online mode during the pandemic.
7	9 groups have done their final year projects with industry.
8	More than 65 internships with the industries.
9	As part of the mentoring and self study, more than 750 students have done their MooCs certifications in their respective field of interest.
10	Communicated the teachers' feedback on curriculum to the concerned BoS of the affiliating university and two faculty members have been invited as subject experts by the BoS of the affiliating university and received the acknowledgement.
