Number of Participants: 25 Students + 03 Staff members

Activity Description in Nutshell:

The National Service Scheme (NSS) represents a prominent youth-oriented program within our institute, designed to cultivate social responsibility, community engagement, and personal development among students. A notable endeavor undertaken by the NSS unit involves supporting government projects and campaigns aimed at societal betterment. To this end, extensive awareness campaigns were conducted to educate citizens on the importance of linking Aadhar Cards with various services and updating demographic information. Utilizing diverse mediums such as street plays and door-to-door visits, these campaigns effectively reached a wide audience, facilitating greater understanding and participation within the community.

In preparation for their roles, NSS volunteers underwent comprehensive training sessions led by our NSS programme officer. These sessions focused on acquainting volunteers with the Aadhaar enrollment process, address change procedures, and the requisite documentation. Subsequently, volunteers provided crucial assistance to individuals by aiding them in completing necessary forms, verifying documentation, and facilitating online address change

requests using mobile or laptop technology. This grassroots approach enabled NSS to directly engage with villagers, empowering them to navigate administrative processes and access essential services more efficiently.
