**Targeted Audience:** FE,SE,TE & BE students of all branches, Faculty members.

**Venue:** Academic Building (Ground Floor)

**Event Coordinator:** VedantGosavi

**Number of Participants:** 60

### **Activity Description in Nutshell:**

The First-Year Project Exhibition is an interactive platform where first-year students showcase their innovative projects. This event encourages hands-on learning, enhances problem-solving skills, and provides students with an opportunity to present their ideas through working models, prototypes, and demonstrations.

The exhibition fosters creativity, teamwork, and technical skills while allowing students to receive valuable feedback from faculty, senior students, and industry experts. It serves as a great opportunity for students to bridge the gap between theoretical concepts and real-world applications.
