Activity Description in Nutshell: The *FIFA Tournament* was conducted over two days, featuring a mix of knockout and league formats to determine the ultimate champion. The event attracted 15 participants, all eager to showcase their FIFA gaming skills.

On **Day 1**, all 13 players competed in a **Knockout Round of 16 Eliminations**. Each match was a direct elimination, and by the end of the day, only 7 participants remained, advancing to the next stage.

On **Day 2**, the tournament transitioned into a **League Format**, where each of the 7 remaining players played **two matches against two different opponents**. The scoring system followed standard league rules:

- **Win:** 3 Points
- **Draw:** 1 Point

- **Loss: 0 Points**

After all players had played their two matches, the top four participants on the points table progressed to the **Semi-Finals**. The semi-finals and finals followed a standard knockout format, ultimately deciding the tournament winner.

The event saw intense competition, strategic gameplay, and thrilling matches, making it a major highlight of the college fest. The final winner of the FIFA Tournament was **Sujal Patil**, from TE IT showcasing exceptional gaming skills and tactical expertise.
