Number of Participants: 25 NSS Volunteers + 03 Staff members

Activity Description in Nutshell:

The Voter Registration and Upgradation Drive in Khamboli Village was a big effort by the National Service Scheme (NSS) to help people become voters and update their voter information. It happened on 27/05/2024 and involved NSS volunteers working with local leaders to make it happen. They went door-to-door, held meetings, and used Mobile / Laptop to help people register to vote or update their details. The drive also taught people about why voting is important and what their duties are as citizens.

Thanks to the hard work of NSS volunteers, more people in Khamboli Village are now registered to vote or have updated their information. This helps make sure that everyone's voice is heard in elections. Going forward, it's important to keep working on getting more people involved in voting and addressing any issues that might stop them from taking part. This drive showed how grassroots efforts like this one can make a big difference in strengthening democracy and encouraging people to be responsible citizens.
