Ltd and Lead Counsellor

Targeted Audience: - Students of TE and BE

Mode: Offline

Coordinator: Prof. Pallavi Yevale

Briefing of the Event:

On March 5th, 2025, the IEEE Student Association, in collaboration with the Computer Engineering Student Association (CESA), successfully organized an informative session titled “Expanding Horizons: A Guide to Higher Studies Overseas.” The event aimed to provide students with comprehensive guidance on pursuing higher education in foreign universities, addressing the growing interest in international academic opportunities. The session focused on demystifying the application process and outlining the necessary steps for a successful overseas academic journey.

The session featured experienced speakers who shared detailed insights into the procedures for applying to foreign universities. They discussed the diverse opportunities available, the importance of preparing essential documents, and the required standardized examinations. Speakers provided practical advice on navigating the complexities of international admissions, including visa requirements, scholarship opportunities, and adapting to new academic environments. Students were encouraged to ask questions and engage in discussions, gaining valuable firsthand knowledge from the experts.

In conclusion, this collaborative initiative by the IEEE Student Association and CESA demonstrated their commitment to broadening students’ academic and professional horizons. By providing access to expert guidance and practical information, the event empowered students to confidently explore and pursue higher education opportunities overseas, fostering a culture of global learning and academic excellence.

Event Photos: -

Students explored key factors in higher studies, gaining insights for informed decision-making and choosing the right academic path.

Students explored various higher education courses and university options, gaining valuable insights into their academic opportunities.
