

VILLAGE SURVEY AT ADHALE KHURD

Academic Year: 2021-22

Name of the Event: Village Family Survey

Date & Time of the Event: 01/03/2022 10:00AM

Venue: Adhale Khurd

Event Coordinator: Dr. Sandeep Varpe, NSS Programme Officer

Number of Participants: 25

Activity Description in Nutshell:

The Village Survey conducted by NSS volunteers aimed to gain comprehensive insights into the social, economic, and health-related aspects of the community. The survey was an integral part of the NSS initiative to understand the specific needs of the village, identify areas for intervention, and develop targeted community development programs.

On March 1st, 2022, the NSS Unit undertook a significant initiative: conducting a comprehensive survey of the village. The objective was to assess development needs, family demographics, literacy rates, and the biodiversity of our community. Divided into pairs, NSS Volunteers diligently surveyed approximately 10 families each, with mentors providing invaluable support throughout the process. Interacting with villagers proved enriching; their warmth and cooperation made the task fulfilling.
