

Planting Tomorrow: Excavating Pits for Tree Plantation

Academic Year: 2021-22

Name of the Event: Excavating Pits for Tree Plantation

Date & Time of the Event: 28/02/2022 10:00AM

Venue: Adhale Khurd

Event Coordinator: Dr. Sandeep Varpe, NSS Programme Officer

Number of Participants: 25 volunteers + 03 Staff Members

Activity Description in Nutshell:

The National Service Scheme (NSS) volunteers, in collaboration with local authorities, initiated a plantation drive during the monsoon season. The focus of the campaign was on excavating pits to prepare for tree plantation, promoting environmental sustainability, and contributing to the overall well-being of the ecosystem.

On February 28th, a trekking event was held at Wagheshwar Hill near Aadhale Khurd, dedicated to conservation and tree planting. NSS Volunteers participated actively, carrying utensils for the Maha-Shivratri Pooja and digging 50 pits, each measuring 2 ft × 2 ft, in groups of 10 volunteers. These pits will facilitate tree plantation during the upcoming monsoon season, a collaborative effort between villagers and NSS Volunteers. The event concluded with villagers generously providing lunch for all volunteers. The primary objective was to raise awareness about nature conservation through tree planting, a mission successfully

accomplished by the NSS unit. Everyone departed feeling fulfilled and proud of their contribution to the environment.
