Report of The Study Visit

The NSS unit of Hope foundations International Institute of Information Technology, Hinjawadi Pune and JSPM'S RajarshriShahu College of Engineering, Tathawade Pune had organized a visit to polyhouse on 3rd January, 2019 at 5:30 pm. Mr. Somnath Chorghe, owner of the polyhouse explains students and faculties the construction and working of polyhouse and the flower business. The students are enthusiastic and asked questions regarding working and implementation of the polyhouse.

Mr. Somnath told us the overall working of his business. Also he explained the scientific process of farming flowers. Along with this information he shares the economics of the business. The polyhouse is controlled by smart devices to maintain the temperature, humidity, PH of soil, and sun light inside the polyhouse. The water required to farming of flowers is managed scientifically by using smart pipe structure. Students and teachers have participated in this event. The response from students was overwhelming.
