

DEPARTMENT OF INFORMATION TECHNOLOGY

Activity Report on Guest Lecture

Date: 26-03-2025

Academic Year: 2024-2025, Semester - II

Name of Event: A Guest Lecture

Topic: Cloud Computing Essentials

Class: TE IT (A and B Division)

Date & Time of Conduction: 26-03-2025, 8:30 AM onwards

Venue: International Institute of Information Technology, Pune

Coordinator: Prof. Gaurav Malode & Prof. Swati Shinde

Number of Participants: 87

Activity Description in Nutshell:

A guest lecture on "Cloud Computing Essentials" was organized on March 26, 2025, at the International Institute of Information Technology (I²IT), Pune. The lecture, which took place from 8:30 AM onwards, was coordinated by Prof. Gaurav Malode & Prof. Swati Shinde and attended by 87 participants from the TE IT A & B division students. The guest lecture is organized in offline mode. The session aimed to provide in-depth knowledge about cloud computing essentials and hands on techniques, tools and best practices for deploying application.

Mr. Hrushikesh Shinde, a Technical Solution Architect from TCS, Pune and Mr. Krishna Kulkarni, a Cloud Architect from Vodafone, Pune, was invited as the expert speaker. During the session, the speaker introduced various cloud platforms and discussed hands-on techniques, tools, and best practices

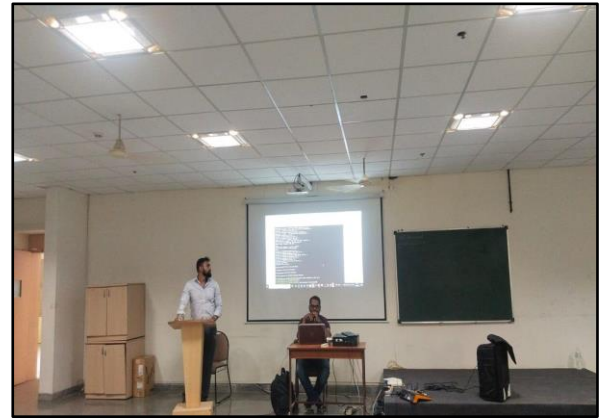

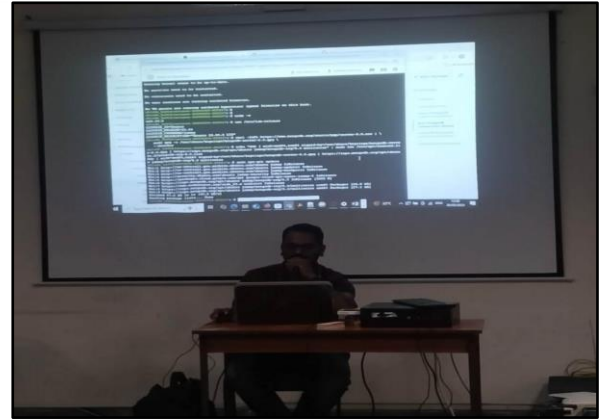

for deploying applications in a cloud environment. Practical demonstrations helped attendees understand real-world applications and industry trends. Additionally, Mr. Shinde and Mr. Kulkarni conducted a hands-on session on cloud platforms, providing practical exposure to leading services such as AWS, Microsoft Azure, and Google Cloud Platform (GCP). The session covered essential cloud operations, including deploying virtual machines, configuring storage solutions, and implementing auto-scaling and load balancing for improved application performance.

The interactive nature of the session allowed participants to apply theoretical knowledge in a practical setting, further strengthening their understanding of cloud computing technologies. Overall, the lecture was insightful and practical, equipping participants with valuable knowledge and skills essential for cloud computing and modern application deployment.
