Activity Description in Nutshell:

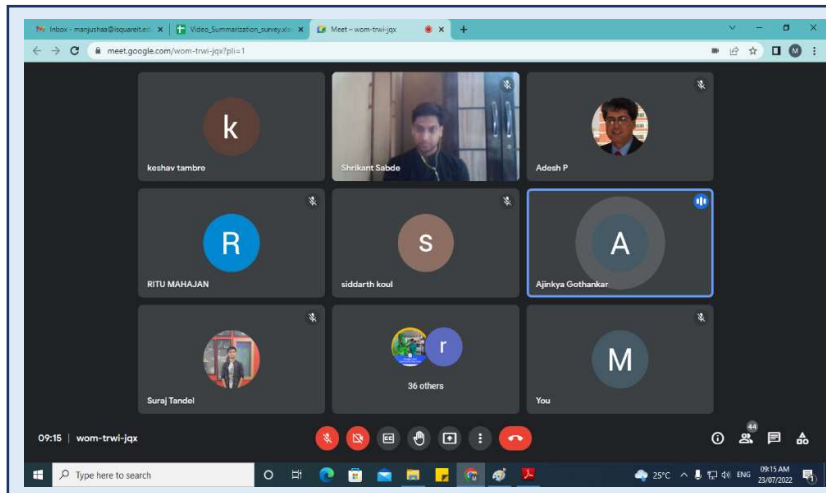

The alumni interaction was conducted for BE students for the preparation of placements. Recent alumni Shrikant, Ajinkya and Suraj interacted with students. Shrikant mentioned to focus on basic concepts of data structures and SQL for Oracle and Infosys like company. He also showed his resume and ask students to keep it simple. Suraj mention that simple coding questions will be asked by interviewer. While question answer session, Ajinkya ask them not to use any IDE for coding because of recommendation and it will become difficult to remind it at the time of interview.

Overall session was fruitful. It has boosted students' confidence for the placement drive.
